LEA Contact: Arthur Surdilla, (510) 567-6868

Please be advised that Alameda County Department of Environmental Health, the Local Enforcement Agency (LEA) for CalRecycle, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to Title 27 CCR 21660.1.

Project Description: Alameda County Industries (ACI) is an existing transfer/processing facility operating under a full Solid Waste Facility Permit issued on January 3, 2012. The application package to amend the RFI requests the following changes:

1. Construct 2nd floor mezzanine to house relocated employee restrooms and locker rooms, lunch room and supervisor office in MRF (Material Recovery Facility) Building.
2. Provide bale storage and HHW (Household Hazardous Waste)/ABOP (aerosol, batteries, oils, and paint) storage under mezzanine.
3. Relocate the HHW/ABOP kiosk to allow for improved traffic circulation and include additional kiosks for pending shipments of HHW/ABOP offsite.

The LEA finds that the proposed changes are consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current Solid Waste Facility Permit.

For Additional Information: To review a copy of the application and supporting documents, please contact Ms. Hogan or Mr. Surdilla
