Advisory for Temporary Food Booth operators in Alameda County - Effective March 11, 2011

- 1- Under the requirements of the California Health and Safety Code you must protect food from contamination.
- 2- At temporary events some types of cooking equipment must be moved at least 20 feet away from the tent. (California State Fire Code)
- 3- The following chart gives some examples of types of equipment which have been seen at events and the types of protection you must provide to protect the food while cooking.
- 4- Be prepared to provide overhead protection for any equipment the fire department requires outside.
- 5- All protection must be constructed to not have sharp corners or sides, be resistant to the wind, and be all metallic (legs and cover.)
- 6- If you have questions please submit a photo to this department for comment and suggestions.
