Please make a **donation** to support the **ARTSFUND Grants Program**

The arts are an essential part of every successful and thriving community.

Your contribution is important.

Music, dance, visual arts, literature, theatre, film, traditional folk arts and handmade crafts – the arts inspire creativity and positive change, broaden knowledge about ourselves and our world, and encourage lifelong learning in people of all ages and backgrounds. Your **ARTSFUND** contributions support nonprofit organizations providing essential programs and services.

- Every contribution to **ARTSFUND**, no matter how small, helps create a vibrant community.
- If 25% of the Alameda County property owners donated $5 each, the **ARTSFUND** Grants Program would distribute $500,000 to nonprofit arts and cultural organizations annually. This would make the annual grant distribution 10 times larger.
- For the last 30 years, the **ARTSFUND** Grants Program has provided important financial support to small, emerging organizations as well as large, established organizations.
- During the past seven years, this program has distributed over 300 individual grants of financial support to nonprofit organizations throughout Alameda County.
- Join your fellow community members and the Alameda County Board of Supervisors by adding your support to this important program.

**Supporting the arts — creating community**

Thank you for your monetary gift!

**ARTSFUND** is a project of the Alameda County Arts Commission on behalf of the Alameda County Board of Supervisors. Donations are tax-deductible to the extent allowed by law.

Images are from artworks in Alameda County's Permanent Art Collection. Artwork created by: (front) Alexandra Von Burg, Cherrymae Golston; (back) Alexandra Von Burg, Estelle Akamine.
YES, I want to support the ARTS in Alameda County.

Enclosed is my separate check, written to “ARTSFUND,” in the amount of:
