Subject: Approve Use of District 1 Fiscal Year 2014 Management Reward Funds

Dear Board Members:

RECOMMENDATION:

It is recommended that your Board approve the use of District 1 Fiscal Year 2014 Fiscal Management Reward Funds in the amount of \$34,250 to support the following non-profit organizations:

1. \$3,000.00 to **Livermore High School** (Principal: Livermore High School Agricultural Department, Joe McNealy; Location: Livermore) to support the implementation of the first annual Agriculture Day Event for elementary school students in Livermore.
2. \$5,000.00 to the **U.S. Naval Sea Cadet Corps** (Principal: Marcia Burden; Location: Dublin) to support the program for youth ages 11-17 that teaches basic seamanship and develops their sense of self-reliance, pride and patriotism.
3. \$20,000.00 to the **Dublin High School Athletic Booster Club** (Principal: Michelle McDonald; Location: Dublin) to support student-athletes at Dublin High School by closing gaps in funding that include trainer fees, team equipment and uniforms.
4. \$5,000.00 to the **Mony Nop Foundation** (Principal: Mony Nop; Location: Livermore) to provide scholarships to middle school students that have completed community service programs.
5. \$1,000.00 to **Alameda County Meals on Wheels** (Principal: Cindy Houts; Location: Oakland) to support the preparation and delivery of meals every weekday to homebound seniors.
6. \$250.00 to the California Association of Local Agency Formation Commissions or **CALAFCO** (Principal: Pamela Miller; Location: Sacramento) to support the delivery of educational and technical resources to Local Agency Formation Commissions (LAFCOs).

DISCUSSION:

With the last remaining agricultural science education student program in the Alameda County school system, **Livermore High School** hosted the first annual Ag Day Event for third grade students in Livermore on April 10, 2014. With plans to host this program each year, the Ag Day event is intended to educate young students about agricultural activities, benefits and history in the Livermore Valley and in Alameda County. This experience will begin to instill an appreciation for agriculture and its potential for future careers in this field. The Ag Day event was supported with bus transportation serving the Livermore network of elementary schools and delivering third grade students to Livermore High School.

Established in 1958, the **U.S. Naval Sea Cadet Corps** provides a healthy environment for youth to foster their leadership abilities, broaden their horizons through hands-on training a guide them to becoming mature adults. Located at Camp Parks in Dublin, the objectives of the Sea Cadet program are to introduce youth to naval life, to develop in them a sense of pride, patriotism, courage and self-reliance, and to maintain an environment free of drugs and gangs.

The **Dublin High School Athletic Booster Club** supports athletic and academic achievement in all student athletes; promotes active and involved parent and community leadership; provides supplementary financial support to all Dublin Gael athletic teams; and maintains the history and tradition of excellence in their sport teams.

The **Mony Nop Foundation**'s primary goals are to foster a commitment to community service in middle school students. Upon completion of required volunteer hours, scholarships are awarded to students for enrichment programs in visual and performing arts, sports and athletics, and leadership development.

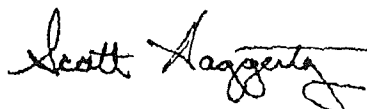

The **Alameda County Meals on Wheels** program supports feeding homebound seniors. It delivers more than 2,000 nutritious meals every weekday to seniors and in so doing, ensures that seniors are safe and secure in their homes. This vital service allows seniors to remain in their homes, where they want to be, with dignity and independence.

CALAFCO provides statewide coordination of LAFCo activities, serves as a resource to the Legislature and other bodies and offers a structure for sharing information among LAFCos throughout the state and with other government agencies.

FINANCING:

There is \$34,250.00 available in the District 1 Fiscal Management Reward funds.

Sincerely,

Scott Haggerty

Dear Mr. Haggerty;

I would like to tell you about a project I'm working on that I could use a little help with. We are planning an Ag Day Event for 3rd grade students in Livermore on April 10, 2014.

The event will focus on agriculture in and around our community and how it is tied into our rich Livermore History. Our Livermore schools are now including Livermore History as part of the 3rd grade curriculum, so our event is very timely. We will be holding the event at Livermore High and will be working with the LHS Ag department to host this event. This will give our Ag students the opportunity to showcase the many facets of our Ag department and even the careers it generates.

Our event also supports the new Common Core standards by offering interactive presentations and hands on activities which directly supports the new Common Core learning practices. We will also be providing each teacher with a lesson plan resource note book with numerous Ag related topics.

To reduce traffic congestion and be more environmentally conscientious, we have offered free bus transportation to the 1,200 students attending our event. I'm requesting a donation of \$3,000 to help cover expenses for bus transportation. All funds go to the non-profit Ag. Department at LHS.

Thank you for your consideration. Your support will make a difference for our kids, our schools, and our community.

Sincerely,

Sheila Fagliano

Mr. Scott Haggerty, District Supervisor 1
Alameda County
1221 Oak Street, Suite 536
Oakland, CA 94612

Dear Mr. Haggerty:

The United States Naval Sea Cadet Corps, a non-profit 501(c) (3) (#46-5494386) charitable organization that has been committed to serving youth since 1958. The Sea Cadet Corps provides a healthy environment for youth to foster their leadership abilities, broaden their horizons through hands-on training and guide them to becoming young mature adults.

The Naval Sea Cadet Corps (NSCC) is for American youth ages 11-17 who have a desire to learn about the Navy, Marine Corps, Coast Guard and Merchant Marine. Sea Cadets are authorized by the Secretary of the Navy to wear Navy uniforms appropriately marked with the Sea Cadet Corps insignia. The objectives of the Sea Cadet program are to introduce youth to naval life, to develop in them a sense of pride, patriotism, courage, and self-reliance, and to maintain an environment free of drugs and gangs.

Navy Cadets are trained in nautical skills such as knot tying and splicing, signaling, water safety and swimming, first aid, and even fire fighting. Cadets are instructed in military drill and discipline and are taught from a syllabus covering naval history to ship nomenclature. Navy League cadets also tour ships and bases and participate in community events such as parades and fairs. In addition, cadets have the opportunity to participate in weekend long competitions and one week long summer training held on Navy and Coast Guard bases. Week long summer training is comprised of NLCC Cadet Orientation or "mini boot camp" for new cadets, and advanced training for senior cadets.

Sea Cadets come from all socioeconomic backgrounds, and year after year we continue to grow our recruitment and that includes a significant number of Sea Cadets who continue to come from low-income families. A great deal of the mandatory training and activities take place off site and requires transportation to and from training locations. For our current and future low-income Sea Cadets this can be a significant barrier in their participation and completion of the program. In order for the United States Naval Sea Cadet Corps to continue to serve young people regardless of their income level, in an environment free of drugs and gangs, we raise funds annually for this support.

A monetary donation of \$ 5,000.00 to the United States Naval Sea Cadet Corps would significantly contribute to the ongoing success of the program.

Please send donations to the United States Naval Sea Cadet Corps at (86 S C Street, Tracy, California 94536). Please make all payable donations to: RADM Parks Battalion, United States Naval Sea Cadet Corps.

The U.S. Naval Sea Cadet Corps does not make expenditures or engage in any activity to support or otherwise benefit any candidate for state or local public office or a state or local official who is running for federal office.

For additional information regarding the United States Naval Sea Cadet Corps please visit their website at www.seacadets.org or contact Lt. Marcia R. Burden, USNSCC at (650) 670-7772.

Thank you.

DUBLIN HIGH SCHOOL Athletic Boosters

April 28, 2014

Dear Supervisor Haggerty:

I am writing on behalf of the Dublin High Athletic Boosters executive board to let you know that we were forced to cancel our annual Golf Tournament and Dinner/Auction event due to lack of participation this year.

This event has been a significant annual fundraiser for the Athletic Boosters organization over the past decade. DHS Athletic Boosters supports 22 teams and more than 850 athletes at Dublin High School with funding for such things as student-athlete stipends for all of our teams (to cover costs for transportation, officiating and equipment), awards and honors, and a large share of the stipend for the athletic trainer that is mandated on site during many of our athletic events. We fundraise through a variety of avenues such as fireworks sales, snack bar revenue and parent donations. But the Golf Tournament revenue comes to about a third of our annual budget.

The loss of the Golf Tournament from this year's schedule will cost the Athletic Boosters approximately \$20,000 heading into next year and will impact our ability to fund athletics at previous levels.

We are seeking a donation of \$20,000 to offset our losses in these circumstances and are hoping your office may be able to help us. Any help you might be able to provide would be greatly appreciated.

For your records, our Tax ID No. is 68-0166140. We are a 501c non-profit in good standing. And we are happy to answer any questions you might have.

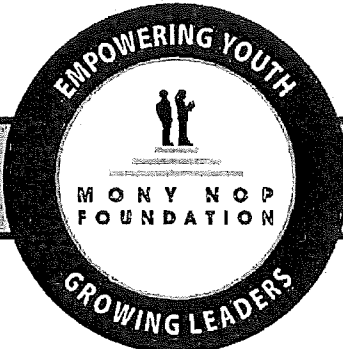

Thank you again for your consistent support.

Sincerely,

Michelle McDonald, DHS Athletic Boosters Executive Board

OPENING DOORS

CHANGING LIVES

May 1, 2014

Supervisor Scott Haggerty
 Board of Supervisors
 1221 Oak Street, Suite #536
 Oakland, CA 94612

Mr. Haggerty:

Thank you so much for meeting with my team and I on Monday morning. We know that you have a busy schedule and appreciate you making time to learn a little bit about the Mony Nop Foundation.

The Mony Nop Foundation's primary goals are to foster a strong, lifelong commitment to community service and to provide scholarships to middle school students for enrichment programs in the areas of visual and performing arts, sports and athletics, and leadership development. Scholarships are awarded for these enrichment programs upon completion of required volunteer hours.

We strongly believe that we must reach out to our middle school children early so they begin to understand their significant role, importance, and responsibility in the community. With the right opportunities, education, mentorship, and support, we can empower our youth to make a difference in their own lives and in the lives of others.

Although we have been very frugal and have worked hard to conserve our limited financial resources, without additional funding, we will not be able to reach our goals.

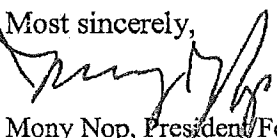

Your continued support and very generous donation of \$5,000 is immensely appreciated! It is with the support of people like you that the Mony Nop Foundation can move forward and truly make a difference for the youth in our community.

You may forward a check made out to:

About Home

About

Mission

To assist frail, homebound seniors to maintain their independence by fundraising and providing financial support, community outreach and strategic assistance to Meals on Wheels programs in Alameda County that deliver nutritious meals and perform wellness checks.

Our Vision

A community that has ended senior hunger.

Our Values

- Health/Wellness/Prevention
- Community
- Compassion
- Generosity
- Diversity
- Integrity
- Innovation

History

Alameda County Meals on Wheels was founded in 1987 (as Countymeals-on-Wheels) and is a non-profit 501(c)(3), governed by a Board of Directors and administered by an Executive Director. Alameda County Meals on Wheels serves as an umbrella organization to the six independent Meals on Wheels delivery programs throughout the county, which prepare and deliver warm meals daily.

Over 2,200 meals are delivered every weekday to homebound elders. The weekend's meals are delivered on Friday, and one of our programs delivers seven days a week.

Alameda County Meals on Wheels' major focus is on fundraising to support and expand the delivery of meals to homebound seniors. Our fundraising activities include:

- Direct mail appeals
- Grant writing
- Five Star Night Dinner & Auction
- Wheels for Meals Ride
- Bequests
- United Way and Local Independent Charities
- Semi-annual Newsletters

Dear Taxpayer:

This is in response to your request of Jan. 09, 2009, regarding your tax-exempt status.

Our records indicate that a determination letter was issued in July 2000, that recognized you as exempt from Federal income tax, and discloses that you are currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records also indicate you are a private foundation described under section 509(a) of the Code.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Concurrent Sessions

1. MSRs for a Brave New World - BELVEDERE

MSRs will be examined as instruments in a logical evolution of LAFCo authority. This session will summarize MSR history and current function and use, to set a foundation for a panel discussion that explores how MSRs may be used in the future, how the legislative context could change, and how LAFCo could choose to increase the benefit of MSRs for local agencies through local policies and practices or through greater interaction with other regulatory agencies. The panel will also address whether these changes would result in greater benefit or simply additional workload. CEQA and its evolution since the early 1970s will be presented as a possible analogue.

Speakers: Pat McCormick, Executive Officer, Santa Cruz LAFCo
 Kathy Rollings-McDonald, Executive Officer, San Bernardino LAFCo
