The Honorable Board of Supervisors  
County Administration Building

Oakland, CA 94612

Dear Board Members:

**SUBJECT: Request to Schedule a Public Hearing to Adopt Proposed Fees and Amend the Alameda County General Ordinance Section 6.92.050 for Body Art Practitioners, Body Art Facilities, and Facilities that Perform Lower Ear Piercing**

**RECOMMENDATION:**

It is recommended that your Board:

1. Authorize the Department of Environmental Health to propose new fees for Body Art Practitioners, Body Art Facilities, and Facilities that perform Lower Ear Piercing; and
2. Schedule a Public Hearing on June 9, 2009 at 9:30a.m. for the purpose of approving the proposed fees and for filing of objections or protests concerning the fees; and
3. Direct the Clerk of the Board to publish the required Notice concerning the proposed fees and the Public Hearing set for June 9, 2009; and
4. Amend the Alameda County General Ordinance Title 6, Chapter 6.92, Section 6.92.050 to add Section AV. Body Art Practitioner; AW. Body Art Establishment; and AX. Lower Ear Lobe Piercing Establishment; and
5. Adopt the attached Resolution entitled ENVIRONMENTAL HEALTH SERVICES FEE SCHEDULE, effective July 1, 2009, to include fees for these business activities.

**SUMMARY:**

In order to maintain uniform health and sanitation standards for tattoo, body piercing, body art, permanent cosmetic establishments, and their artists, it is necessary to update Title 6, Chapter 6.92 of the Alameda County General Ordinance and to include additional fee types within the Environmental Health Services Fee Schedule to offset costs associated with implementation of the Alameda County Body Art Ordinance as defined in Alameda County General Ordinance Code, Title 6, Chapter 6.116. It is recommended that Chapter 6.92.050 be amended to include:

AV Body Art Practitioner. Any individual that performs or intends to perform any Body Art procedure.

AW Body Art Establishment. Any place or premise, whether public or private, temporary or permanent in nature of location, where the practices of Body Art, whether or not for profit, are performed.

AX Lower Ear Lobe Piercing Establishment. Any business that intends to perform piercing of the lower fatty area of the ear lobe that does not contain cartilage, only using a mechanical device (e.g. ear piercing gun) with a single use sterile stud or single use needle and does not perform any other Body Art activity.

#### **DISCUSSION/FINDINGS:**

Per standards set forth in Chapter 6.116, applicants proposing to operate a business where body art services are provided must meet minimum requirements in order to protect human health. To insure these standards are adhered to, the Department will establish an inspectional program that reviews each site for sanitary practices, properly licensed and trained practitioners, and safe operational equipment.

Based on known inventory of establishments and practitioners operating in the county, the proposed fees will generate approximately \$22,000 per year, which is sufficient to fund 0.25 FTE of the Registered Environmental Health Specialist position. This level of staffing is expected to be adequate to provide the level of safety needed.

The Environmental Health Department surveyed the fees of other Bay Area jurisdictions that have already implemented a Body Art Program. As a result of this survey, the fees for Alameda County were set in the middle ground of the other jurisdiction's fees.

On 12/09/2008, the second reading of the Ordinance was conducted and adopted. And on 1/09/2009, the ordinance went into effect. On 1/12/2009, the Department presented the proposed fees to your Board's Health Committee. At that time, the Health Committee accepted the proposed fees and gave their approval to continue forward with full Board review for the acceptance of the amendment to adopt the fee types proposed to be included in the Alameda County General Ordinance Section 6.92.050, and accompanying fees to be added to the Department's fee schedule.

**FINANCING:**

The estimated additional revenue realized by the adoption of the proposed fees is anticipated to be approximately \$22,000 for the FY2009/10. Estimated revenue is included in the Department's Maintenance of Effort BY2009/10 budget request. There will be no net County costs associated with this new program.

Very truly yours,
