AGENDA _____ September 29, 2015

August 12, 2015

Honorable Board of Supervisors
County Administration Building
1221 Oak Street, Room 536
Oakland, CA 94612

SUBJECT: AUTHORIZE AN AGREEMENT WITH HARRIS CORPORATION

Dear Board Members:

RECOMMENDATION:

Authorize the Sheriff, or his designee, to execute an agreement on behalf of the District Attorney's Office subject to approval as to form by County Counsel, with Harris Corporation (*Principal: William M. Brown; Location: Melbourne, Florida*), Procurement Contract No. 12489, for a telephone tracking technology upgrade in the amount of \$113,419.25 for the period 8/31/15 - 12/31/15.

DISCUSSION/SUMMARY:

On November 25, 2014, your Board authorized the Sheriff's Office to sign a Memorandum of Understanding between Alameda County and the City and County of San Francisco for the distribution of Fiscal Year 2014 Urban Area Security Initiative (UASI) regional funds. The total UASI grant funding of \$6,308,300 included \$180,000 for the retrofit of Electronic Surveillance Telephone Tracking Technology requested by the District Attorney's Office. On September 9, 2014, your board authorized the Sheriff's Office to accept and administer the 2014 State Homeland Security Grant for disaster assistance and overall management of regional emergency response activities in the amount of \$1,663,024. Your board also authorized the redistribution of this award to sub-recipients, which included the Oakland and Fremont Police Departments in partnership with District Attorney's Office for upgrading the existing technology. This upgrade will bring the technology up to current standards.

This technology is a critical tool for law enforcement to counter and investigate criminal terrorist activity. It allows law enforcement to conduct criminal investigations that can lead to intelligence that can prevent terrorist activity and protect critical infrastructure and key resources. It will also allow law enforcement to investigate and apprehend terrorists while they are conspiring to commit a terrorist act or after they have engaged in a terrorist act. This technology will assist in search and rescue operations during a mass casualty incident or in locating missing persons at risk. It can significantly reduce the time in locating terrorists or fugitives from justice.

Currently, the East Bay does not possess this 4G technology. This equipment upgrade will benefit the entire Bay Area by having this technology deployed to cover all areas. Obtaining this technology and equipment will significantly enhance local law enforcement capability to track and locate cellular telephones into the future. Having these capabilities, law enforcement will be able to , disrupt, track, locate and capture terrorists, criminals and fugitives from justice alike reducing the risk to our communities and citizens. Importantly, this is not eavesdropping technology. The requested equipment does not permit the user to listen to private conversations or read private text messages. The technology only allows the user to determine the location of a cellular device. Such technology has a myriad of uses for law enforcement, including location of abducted children (Amber Alert), location of missing persons (e.g. elderly persons or those suffering from Alzheimer's), and location of wanted persons and fugitives from justice.

The Sheriff's Office is procuring the phone tracking equipment on behalf of the District Attorney's Office. The Sheriff's Office is only acting as the fiscal agent of this project.

SELECTION CRITERIA:

The current equipment owned by the District Attorney's Office is proprietary to Harris Corporation. Harris Corporation is the only vendor that can provide the necessary equipment, installation and training for this system.

In August 2015, Sheriff's office completed and submitted a Departmental Justification to Request a Waiver of County Competitive Bidding Requirement. The General Services Agency (GSA) Purchasing Department then issued an Advance Notice of Sole Source which was posted on the County website on August 28, 2015 for 10 business days and no responses were received. Due to the County's requirements and the proprietary nature of the equipment and software sold by the vendor it was determined to be in the best interest of the County to proceed with sole source procurement with Harris Corporation. The Auditor-Controller's Office of Contract Compliance has approved the Federal Small Local Emerging Business (SLEB) Waiver Request on August 7, 2015, Waiver #F827-A.

FINANCING:

No additional appropriations are requested. The costs associated with this contract is included in the Sheriff's Office FY 2015-16 approved budget. This request will not impact the net County cost in FY 2015-16 or in future years.

Respectfully submitted,

Gregory J. Ahern
Sheriff-Coroner

Nancy E. O'Malley
District Attorney
