Honorable Board of Supervisors

Dear Board Members:

SUBJECT: **Supervisory Redistricting**

RECOMMENDATION:

- A. Receive a staff presentation and review the final draft Map to redraw the Alameda County Supervisory District map; and
- B. First reading and introduction of an Ordinance adopting the boundaries of the supervisory districts of the County of Alameda, State of California, following the federal decennial census and repealing Ordinance No. O-2011-27.

DISCUSSION/SUMMARY:

In April 2021, the Board initiated the redistricting process to adjust the boundaries of the supervisory districts of the County of Alameda, as required by the Election Code. The full Board is the decision-making body for the redrawing of the Alameda County Supervisory District maps and approved an open and structured redistricting process and outreach program in which to proceed.

To support a transparent and inclusive redistricting process, including specific outreach to historically underrepresented communities, the Board approved resources for public outreach and hired Q2 Data and Research, a local professional redistricting consultant.

The members of the Board held a series of eight virtual public meetings between September 21 and December 2, with at least one meeting chaired by each of the five current supervisory district representatives to meet the requirements of County Administrative Code section 2.02.030 and to obtain public input on Communities of Interest (COIs) and proposed redistricting map alternatives. Additional input was received online, by mail, and by email. Translation services were provided to the public at 4 public meetings and were available upon timely request. Further, staff held two workshops in July and September, with one workshop held on a weekend, to explain the redistricting process, including information about communities of interest (COI) and how to submit public comment and draft maps (once the census data was available).

During the public hearing held on November 16, based on input received, the Board selected Visualization A to move forward as a draft map (Draft map A). On November 23, based on input received and further consideration, the Board directed staff to draw Draft Map A-1 to include the Unity Council and Black Cultural Zone COIs in one district with a poverty data overlay, Draft Map A-2 to move the entirety of the City of Pleasanton into District 1, and Draft Map A-3 to move a portion of the City of Pleasanton into District 1. Additional visualization maps were created by staff and Q2 to illustrate scenarios that incorporated Board input received at previous meetings and maintained the principal themes of the corresponding Draft Maps A-1, A-2, and A-3.

During the public hearing held on December 2, maps submitted by the public, draft maps drawn by the Board, and visualization maps prepared by staff and Q2 were presented to the Board. After public comment and further consideration, the Board modified visualization map A-3 and voted to move forward “Modified Visualization A-3” for consideration for adoption as the “final” map to adjust the boundaries of the supervisorial districts, with the first reading of the adopting ordinance to be held on December 7. The map and demographic data are shown in Exhibit B.

The specific census blocks are listed in the draft ordinance for Modified Visualization A-3 are shown in Attachment A to the draft ordinance.

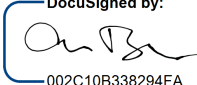

FINANCING:

Funding for this project is included in CDA’s FY 2021/2022 approved Budget. There is no increase in Net County Cost as a result of this action.

VISION 2026:

The redistricting process for the redrawing of Alameda County supervisorial district boundaries will provide fair and effective representation for all residents and meets the Operating Principles of **Equity**, **Collaboration**, and **Access** in support of our shared vision of a **Thriving and Resilient Population**.

Very truly yours,
