Summary/Action Minutes

I. Update on Onsite Wastewater Treatment Systems Local Agency Management Plan (LAMP) schedule [Attachment](#)

Ron Browder, Director, Environmental Health Department, presented a memorandum to update the Committee on the Onsite Wastewater Treatment Systems Local Agency Management Plan scheduled.

The Environmental Health Department has been designated the responsibility of permitting the installation of and regulating Onsite Wastewater Treatment Systems (OWTS) within its jurisdictional boundaries. The County currently administers a local wastewater management program for OWTS, since 1999.

The State developed an OWTS policy and it became effective in May 2013. In order to continue its local oversight of OWTS, Alameda County must develop an OWTS Local Agency Management Program (LAMP) in compliance with the State OWTS Policy.

The Environmental Health Department has contracted with Questa Engineering to provide the professional engineering and environmental consulting work necessary to develop the LAMP and meet the time frames set for the in the State OWTS Policy. The contractor is providing technical expertise and consultation services to assist the County with development of the LAMP, public meetings and coordination with the State.
