Section 1: Introductory Information

A. Intent of Request for Proposals (RFP) and Funding Available

The goal of the **Alameda County Housing Portal** (<https://housing.acgov.org/>) is to provide low-income people and property managers with one-stop shop access to apply for and manage affordable housing. Alameda County is soliciting qualified organizations to serve in the roles of:

1. Housing Portal Coordinator (“Coordinator”) to address program management, user support, and housing placement needs; and
2. Housing Portal Software Vendor to address system development, system maintenance, and technical support needs.

Alameda County intends for two or more organizations to submit a joint proposal in response to this Request for Proposals (RFP). Selected organizations will work together to continue to build out and develop the programmatic and technical capabilities of the Portal. Portal development up to this point has included multi-family 100% affordable properties funded through the Alameda County Measure A1 Housing Bond and Below Market Rate rental opportunities. Planned expansion includes Below Market Rate homeownership opportunities, deed restricted affordable Accessory Dwelling Units, homeownership down payment assistance loan opportunities, and programs that provide shelter, transitional housing, rental assistance, legal support, supportive housing, veteran housing, public housing, and Section 8 Vouchers, as well as information on non-profit agencies that perform various kinds of housing support.

HCD requests proposals from qualified parties with significant familiarity with housing policy and programs; experience with marketing and lease-up processes; experience with communicating with affordable housing stakeholders including housing applicants, property managers, and developers; familiarity with a data-driven approach including decision-making based on large quantities of data, user feedback, and analytics analysis; and familiarity with agile development processes to complete design and build of the existing web-based Housing Portal. HCD intends to select a team of applicant organizations with whom the County will enter into a single contract to undertake the Scope of Services outlined in this RFP.

B. Term of Engagement

The successful applicants must be willing and able to meet Alameda County’s contracting requirements as set forth in this RFP. The term of contract is anticipated to be approximately one-three years and subject to annual appropriations, after which time, by mutual agreement and if additional funds are available, the contract which may be awarded pursuant to this RFP, may be extended for optional extensions for up to seven years at agreed prices with all other terms and conditions remaining the same.

HCD will serve as the main point of contact for the selected applicants, including preparing the contract for approval by the Alameda County Board of Supervisors, overseeing entity contract implementation, and ensuring outcomes are met.

C. Application Due Date (Electronic Submittals Only)

Applications are due by 4 pm on Friday, October 15, 2021 and must be submitted electronically to HCD. Additional instructions may be found in Section 5 of this RFP.

Submittals constitute public records. Applicants should understand that, under the California Public Records Act, all documents that are submitted in response to this RFP are considered part of the public record and will be made available to the public, upon request, following the Submittal Due Date. The County reserves the right to suspend, amend, or modify the provisions of this RFP, to reject proposals, to negotiate modifications of proposals, or to award less than the full amount of funding available. Alameda County is an Equal Housing Opportunity and Accessible Housing Provider.

Section 2: Program Summary

The Alameda County Housing Portal (<https://housing.acgov.org/>) has been built to be a single-entry point for access to affordable rental housing and continues to evolve with new functions to increase usability and accessibility. Low-income households have had to navigate complex applications and ever-changing waitlist openings to monitor affordable housing availability. This process is time consuming, frustrating, and challenging to navigate.

Alameda County launched the Housing Portal in April 2020. Since then, fifteen affordable rental properties have been listed on the Portal, representing a total of approximately 456,752-page views, 9,246-total applications, and 413-units filled. Listings provide a centralized resource for finding affordable housing opportunities across Alameda County, a common application provides an easy and consistent way for housing applicants to apply to listings, and a separate portal enables affordable housing developers to manage applications. The Housing Portal can be found here: <https://housing.acgov.org/>.

The system must continue to provide mobile-focused, responsive web-based interfaces and processes that make it simple for users at all levels of computer and web skills to search and apply for all available affordable Alameda County rental properties, and may expand its rental property offerings as well as add homeownership and housing assistance programs offered by non-profits. At this point in time, the site includes and is anticipated to include features such as:

- Presenting a welcoming user-friendly branded interface that provides information about Alameda County and Alameda County HCD housing programs in general; and
- Conveying program details and eligibility information; and
- Helping users assess property and program eligibility; and
- Allowing users to optionally create secure accounts to maintain personal and household information, self-service account administration (i.e., password reset); and
- Filtering search results by desired attributes and eligibility; and
- Providing information relevant to a user regarding other housing-related programs for which they may be eligible; and
- Communicating status and other instructions via multiple channels (on-screen, email, text message, etc.); and
- Written translation of copy available in Spanish, Traditional Chinese, and Vietnamese; and

- Open-source code that is freely available for possible modification and open collaboration.

The open-source Portal is part of a regional effort, linking into the existing and ongoing work of building similar online affordable housing portals in the City and County of San Francisco, County of San Mateo, and the City of San Jose. San Francisco launched its affordable housing web portal, DAHLIA, approximately five years ago.

the applicant whose application is the subject of the protest, and all applicants affected by the decision.

The Small, Local and Emerging Business (SLEB) program is designed to enhance contracting and procurement opportunities for small, local and emerging businesses within Alameda County by providing up to 10% bid preferences on eligible contracts. The program was developed to promote and foster inclusiveness, diversity and economic development, as well as provide on-going evaluation to ensure that all local businesses are provided equal opportunities in County contracting and procurement activities. The County of Alameda works with other local public agencies in the East Bay Interagency Alliance (EBIA) and uses a Common Application to streamline the certification process for small, local and emerging businesses.

If Applicant is a certified Small, Local and Emerging Business (SLEB) under the Alameda County SLEB Program and is requesting a 10% preference (See #9 on Part A, Exhibit A), Applicant must complete and submit with your application the **SLEB INFORMATION SHEET on the following page**, check the first box, and provide your SLEB Certification Number and expiration date.

Applicants wishing to be certified in the SLEB Program must follow the Certification Instructions provided. Link to instructions, and the EBIA Common Application and Common Recertification Application: <https://www.acgov.org/auditor/sleb/cert.htm>

**SMALL LOCAL EMERGING BUSINESS (SLEB) PARTNERING INFORMATION SHEET
RFP for Alameda County Housing Portal Coordinator & Software Vendor**

In order to meet the Small, Local & Emerging Business (SLEB) requirements of this RFP, all bidders must complete this form as required below.

Bidders not meeting the [definition of a SLEB \(http://acgov.org/auditor/sleb/overview.htm\)](http://acgov.org/auditor/sleb/overview.htm) are required to subcontract with a SLEB for at least 20% of the total estimated bid amount in order to be considered for contract award. SLEB subcontractors must be independently owned and operated from the prime Contractor with no employees of either entity working for the other. This form must be submitted for each business that bidders will work with, as evidence of a firm contractual commitment to meeting the SLEB participation goal. (Copy this form as needed.)

Bidders are encouraged to form a partnership with a SLEB that can participate directly with this contract. One of the benefits of the partnership will be economic, but this partnership will also assist the SLEB to grow and build the capacity to eventually bid as a prime on their own.

Once a contract has been awarded, bidders will not be able to substitute named subcontractors without prior written approval from the Auditor-Controller, Office of Contract Compliance (OCC).

County departments and the OCC will use the web-based Elation Systems to monitor contract compliance with the SLEB program (Elation Systems: <http://www.elationsys.com/elationsys/>).
