

TABLE OF CONTENTS (alphabetical by section)

Effective Date: 12/01/08

Can't find a policy? Check the **Policy Locator** in the back of the manual.

Table of Contents	i
Ambulance Diversion Criteria	iv
EMS Staff Phone Numbers e-mail addresses	v
Certification Recertification Accreditation checklist	vi
Approved Abbreviations	vii
Summary of Changes	x

SECTION 1 – GENERAL POLICIES

An Overview of Patient Care Protocols	1
Assault / Abuse (child, elder, domestic, sexual)	2
Burn Patient Care	3
Burn Patient Criteria	5
Cardio-Pulmonary Resuscitation (CPR)	7
Crush Injury/ Hyperkalemia in a Dialysis Patient	9
Extremity Injury	11
Hyperthermia / Heat Illness	12
Hypothermia	13
Infection Control	15
OB / GYN Emergencies	16
Scope of Practice - Local Optional	17
Smoke Inhalation/ CO Monitoring	18
Transport Guidelines - General	20
Trauma Patient Care	21
Trauma Patient Criteria	22

SECTION 2 – ADULT POLICIES

Airway Obstruction - Adult	25
Allergic Reaction / Anaphylactic Shock - Adult	26
Altered Level of Consciousness - Adult	27
Asystole - Adult	28
Bradycardia - Adult	29
Cerebral Vascular Accident (CVA) - Adult	30
Chest Pain / Acute Myocardial Infarction - Adult	32
Dystonic Reaction - Adult	33
Medications (Authorized / Standard Initial Dose) - Adult	34
Pain Management - Adult	36
Poisoning / Ingestion / Overdose - Adult	37
Pulmonary Edema / CHF - Adult	38
Pulseless Electrical Activity (PEA) - Adult	39
Respiratory Distress: Asthma / Bronchospasm / COPD - Adult	40
Return of Spontaneous Circulation - Adult	41
Routine Medical Care - Adult	42

Seizure - Adult.....	44
Shock: Hypovolemic / Cardiogenic - Adult	45
Submersion - Adult.....	46
Tachycardia: - Adult	47
<i>Atrial fibrillation / Atrial flutter / Supraventricular Tachycardia / V-tach</i>	
Ventricular Fibrillation / Ventricular Tachycardia: Pulseless - Adult.....	48

SECTION 3 – PEDIATRIC POLICIES

Airway Obstruction - Pediatric.....	49
Allergic Reaction / Anaphylactic Shock - Pediatric	50
Altered Level of Consciousness - Pediatric	51
Apparent Life-Threatening Event (ALTE) - Pediatric	52
Bradycardia - Pediatric	53
Neo-natal Resuscitation	54
Pain Management - Pediatric.....	55
Pediatric Drug Chart.....	57
Poisoning / Ingestion / Overdose – Pediatric.....	58
Pulseless Arrest - Asystole / PEA - Pediatric	59
Pulseless Arrest - Ventricular Fibrillation / Ventricular Tachycardia -Pediatric	60
Respiratory Distress Stridor - Upper Airway - Pediatric.....	61
Respiratory Distress Wheezing - Lower Airway - Pediatric	62
Routine Medical Care - Pediatric.....	63
Seizure - Pediatric.....	64
Shock and Hypotension - Pediatric	65
Submersion - Pediatric.....	66
Tachycardia - Pediatric.....	67
<i>Sinus Tachycardia / Supraventricular Tachycardia / Ventricular Tachycardia – perfusing</i>	

SECTION 4 – OPERATIONAL POLICIES

ALS Responder.....	69
BLS Responder.....	70
Crime Scene Management / Evidence Preservation	71
Death in the Field: Determination / DNR/ Discontinuation of CPR / Donor Card.....	73
EMS Aircraft Transport.....	79
Equipment and Supplies – ALS/BLS	84
Equipment and Supply Requirements / Inspection – ALS/BLS	91
Grief Support.....	92
Interfacility Transfers.....	93
Intravenous Lines, Devices, Ventilators, Other Patient Care Equipment.....	94
Medical Personnel on the Scene.....	96
Non-Contract Ambulance On-Viewing an MVC.....	98
Paramedic Field Supervisors – Utilization of ALS Skills	99
Patient Care Report Form (PCR)	100
Police Assistance – Requests for	102
Psychiatric/ Behavioral Emergencies	103
Psychiatric Evaluation (5150 transports)	104
Refusal of Care / Refusal of Service	105

Refusal of Care Form	106
Refusal of Service Log	107
Responding Units – Canceling / Reducing Code.....	108
Restraints	109
Staffing – ALS and BLS Providers.....	110

SECTION 5- PROCEDURES

Advanced Airway Management (ETT and ETDLA)	111
Blood Glucose Testing	113
Consent and Refusal Guidelines	114
Continuous Positive Airway Pressure (CPAP)	118
EKG - 12-Lead	123
Impedance Threshold Device.....	124
Intranasal Medication Administration.....	125
Intraosseous Infusion - Adult.....	126
Intraosseous Infusion - Pediatric	127
Nitroglycerin Spray - Administration of	128
Percutaneous Transtracheal Jet Ventilation.....	129
Pleural Decompression	130
Pulse Oximetry	131
Reporting Format	132
Sedation	133
Spinal Immobilization	135
Stoma and Tracheostomy Care	137
Transcutaneous Pacing (TCP)	139
Transfer of Care	140
Valsalva Maneuver.....	141

SECTION 6– MCI/ Disaster/ WMD

Biological Attack.....	143
Chemical Attack	145
ChemPack Deployment.....	146
Cyanide Poisoning	147
Decontamination Incident.....	148
Dirty-Bomb Attack	149
Disaster Trailer Cache.....	151
Hazardous Materials Incident.....	152
Multi-Casualty Incident	154
Nerve Agent Autoinjector Administration.....	157
Nerve Agent Treatment.....	160
Suspicious Powders	162

INDEX – POLICY LOCATOR.....	163
