

FIREFIGHTER PREPARATION WORKSHOPS

2018-2019

This series of workshops will introduce fire service hiring practices and processes to anyone who may be interested in a fire service career. The classes are open to the public and no registration is required. The focus of the classes is to help prepare individuals who are interested in fire service careers understand and prepare for the written test, the physical agility test, interviews, and an overall introduction to the fire service. Classes will be specific to the Alameda County Fire Department (ACFD), and will be helpful for people who are interested in learning more about all stages of the process.
