## **SECTION 19. GRIEVANCE PROCEDURE (Cont'd)**

**D. DEPARTMENTAL REVIEW AND ADJUSTMENT OF GRIEVANCES.** The following is the procedure to be followed in the resolution of grievances:

1. An employee having a grievance shall first discuss it with his/her immediate supervisor and endeavor to work out a satisfactory solution in an informal manner with such supervisor.
2. If a satisfactory solution is not accomplished by informal discussion, the employee shall have the right to consult with and be assisted by a representative of his/her own choice in this and all succeeding steps of this paragraph D. and may thereafter file a grievance on the form designated by the Fire Department with the immediate supervisor within seven calendar days, excluding Saturdays, Sundays, and holidays, after the date of such informal discussion. Within seven calendar days, Saturdays, Sundays, and holidays excluded, after receipt of any written grievance, the immediate supervisor shall reply to the grievance in writing. If the grievance is not resolved at this level, the employee shall have seven calendar days, excluding Saturdays, Sundays, and holidays, from receipt of the answer within which to file an appeal with the next highest level of supervision.
3. The supervisor at the next highest level of supervision shall have seven calendar days, from receipt of the appeal, excluding Saturdays, Sundays and holidays, in which to review and answer the grievance in writing. If the grievance is not resolved at this level, the employee shall have seven calendar days, excluding Saturdays, Sundays, and holidays, from receipt of the answer within which to file an appeal with the next highest level of supervision as determined under paragraph M. of this section.

Although no hearing is required at this step, the employee and his/her representative may be present at, and participate in, any such hearing as the administrator may conduct. If the grievance is not resolved at this level, the employee shall have seven calendar days, excluding Saturdays, Sundays, and holidays, from receipt of the answer within which to file an appeal with the department head.
5. The department head shall have seven working days from receipt of the appeal in which to review, hold hearings, and answer the grievance in writing. Unless waived by the mutual agreement of the employee or his/her representative and the department head, a hearing is required at this step and the employee, and his/her representative shall have the right to be present at, and participate in, such hearing. The time limit at this step may be extended by mutual agreement between the department head and the employee or his/her representative.

The Union may in its own name file a grievance alleging that the County/Department has failed to provide it some organizational right which is established by written Department rules or by this Memorandum of

The County/Department and the employee or his/her representative shall then alternately strike names from the list until only one name remains, and that person shall serve as arbitrator.
- I. DUTY OF ARBITRATOR.** Except when an agreed statement of facts is submitted by the parties, it shall be the duty of the arbitrator to hear and consider evidence submitted by the parties and to thereafter make written findings of fact and a disposition of the grievance which shall be final and binding upon parties. The arbitrator shall have no power to amend this Memorandum of Understanding, a resolution of the Board of Supervisors, the Charter, ordinance, State law, or written Department rules, or to recommend such an amendment.
- J. PAYMENT OF COSTS.** Each party to a hearing before an arbitrator shall bear his/her own expense in connection therewith. All fees and expenses of the arbitrator and of a reporter shall be borne one-half by the Fire Department and one-half by the grievant.
- K. EFFECT OF FAILURE OF TIMELY ACTION.** Failure of the employee to file an appeal within the required time limit at any step shall constitute an abandonment of the grievance. - L. LIMITATION OF STALE GRIEVANCES.** A grievance shall be void unless received within sixty calendar days from the date upon which the County/Department has allegedly failed to provide a condition of employment. In no event shall any grievance include a claim for money relief for more than the sixty day period.

The Union shall be notified of all grievances filed pursuant to Section 19.D.2. In those cases in which an employee elects to represent himself or arranges for independent representation, the County/Department shall make no settlement or award which shall be inconsistent with the terms and conditions of this Memorandum. In the event the Union shall determine that such inconsistent award has been made, the Union, on its own behalf, may file a grievance pursuant to paragraph D.5. of this section for the purpose of amending such award. In the event any unrepresented or independently represented employee shall elect to go to arbitration under paragraph F. hereof, the Union may elect to be a full and equal party to such proceeding for the purpose of protecting the interests of its members in negotiated conditions of employment.

## APPENDIX B

### CLASSIFICATION

#### 1200 Authority

Pursuant to the provisions of section 36 (a) of the Charter, it shall be the duty of the Commission to provide for the classification of all positions in the classified service and from time to time for the reclassification of any or all such positions. It also shall be the duty of the Commission to allocate and reallocate individual positions to classes. Each classification action of the Commission shall be submitted to the Board of Supervisors and shall become effective upon approval by said Board.

#### 1204 The Official Classification Plan

The schedule of classes adopted by the Commission and approved by the Board of Supervisors, effective July 1, 1956, together with all subsequent amendments, constitutes the official classification plan for all positions in the classified service. The classification plan shall not be deemed to be a part of the rules of the Commission, but shall serve as an administrative tool for its personnel transactions.

#### 1208 Maintenance of Plan

The classification plan shall be kept current by continual investigation and review of positions in the classified service. Such investigation and review may include the survey of a single position, or county-wide surveys of all positions in a single class or class series, or surveys of positions in an organizational unit, or surveys of positions in an occupational grouping. The investigation and review of a position or positions may be initiated by the Commission or upon the request of a department head or an employee. In addition the Commission shall provide for periodic reclassification surveys of all positions in the classified service.

Department heads and employees shall make available to the Commission or its authorized representatives all pertinent information required to properly maintain the classification plan, including new statements of duties and responsibilities as needed.

#### 1212 Amending the Plan

The classification plan shall be amended from time to time as needed. New classes may be added and existing classes may be divided, combined, altered, or abolished.

#### 1216 New Positions

Requests from department heads to the Board of Supervisors for the creation of new positions shall be made in accordance with established procedures. New positions shall not be filled until they are classified and allocated.

For the purpose of adjusting the allocation of positions in a department, the Commission, on its own initiative, may request the creation of positions in such department, in which case the department head shall be fully advised in advance of the Commission's intention to act and of the reasons therefor.

#### 1220 Allocation

Each position in the classified service shall be allocated by the Commission to an appropriate class in the classification plan. The allocation of a position to a class shall derive from and be determined by the duties and responsibilities of the position, without regard to the special qualifications of the incumbents and shall be based on the principle that positions shall be included in the same class if:

- (a) they are sufficiently similar in respect to duties and responsibilities that the same descriptive title may be used;
- (b) substantially the same requirement as to education, experience, knowledge, and ability are demanded of incumbents;
- (c) substantially the same test of fitness may be used in selecting qualified employees;
- (d) the same schedule of compensation can be made to apply with equity.

#### 1224 Reallocation

Whenever it is determined by the Commission that a position does not properly belong in the class to which it has been allocated, such position shall be reallocated to an appropriate class in the classification plan, or if the plan does not contain an appropriate class, the position shall be reclassified and a new class established, and the position shall be reallocated to the new class. In making reallocations, the Commission shall be guided by the provisions of rule 1220.

#### 1228 Status of Incumbents in Reallocated Positions

When a position is reallocated to another class, the status of the incumbent in such position in the new class shall be determined in accordance with the Commission's established procedures governing classification upgrading, downgrading, transfer, or split-off.

#### 1232 Appeals

Any employee may appeal the allocation or reallocation of his/her position and shall be given an opportunity to be heard by the Commission. All appeals from classification action shall be made in accordance with the Commission's established procedures for classification appeals.

#### 1236 Changes to be Reported

Any significant changes in the duties assigned to the incumbent of a position in the classified service or any organization change in a department that may affect a position in such department, shall be reported to the Commission as provided in its established classification procedures.

#### 1240 Temporary Duties Assignment

With approval of the Commission, a department head may assign to an employee duties which are properly allocable to a higher or different class provided such assignment is of a temporary nature.

#### 1244 Class Specifications

The Commission shall adopt and maintain a written specification for each class of positions and such specifications shall constitute the official specifications of classes in the classified service. Each class specification shall set forth a descriptive class title, a definition outlining the scope of duties and responsibilities of positions in the class, the minimum qualifications for the class, and such other information as the Commission deems appropriate.

The official class specifications shall be maintained in the office of the Commission and shall be open to inspection by the officers and employees of the County and the public during business hours. Duplicates of the specification shall be made available on request to departments of the County and units thereof and to employees and other interested persons.

#### 1248 Interpretation of Class Specifications

The class specifications are descriptive and explanatory and not restrictive. They are intended to indicate the kinds of positions that should be allocated to the various classes. The use of a particular expression or illustration as to duties shall not be held to exclude others not mentioned that are of similar kind or quality, nor shall any specific omission necessarily mean that such factor is not included.

The language of the specifications is not to be construed as limiting or modifying the authority of a department head to direct and control the work of employees under his/her jurisdiction or to alter their duties and responsibilities, as may be necessary in the efficient conduct of the business of the County, except that it shall be the responsibility of the department head to report to the Commission promptly any substantial change in the duties and responsibilities of any position under his/her jurisdiction.

In determining the class to which a position should be allocated, the specification shall be considered in its entirety. Consideration shall be given to the general duties, specific tasks, responsibilities, and minimum requirements as a composite description of the kind and level of work the class is intended to embrace. In order to determine the level and proper grouping of the class within the plan, its relationship to other classes also must be considered; therefore, each class specification is to be read and interpreted with this relationship in mind.

#### 1252 Class Title

The text of the class specification shall determine the official meaning of the title of the class. The class title and its properly designated code number, shall apply to all positions allocated to the class and shall be used in all personnel and administrative transactions involving such positions.

1256 Minimum Requirements

The minimum qualifications statement in a class specification shall constitute the minimum employment standards for the class. Persons provisionally appointed shall meet the minimum qualifications for the class. An examination may be limited to applicants who possess qualifications above the minimum for the class, provided the higher qualifications are approved by the Civil Service Commission and published as the examination's minimum qualifications on the official examination announcement. Any departure from the minimum qualifications established for a class shall be by order of the Commission only.

1260 General Qualifications

General qualifications commonly required of all candidates for, appointees to, and employees in the classified service such as integrity, honesty, sobriety, dependability, industry, thoroughness, accuracy, good judgment, initiative, resourcefulness, courtesy, ability to work cooperatively with others, good health, and freedom from disabling defects, shall be deemed to be a part of the personal characteristics of the minimum qualifications of each class specification and need not be specifically set forth therein. The Commission may prescribe alternative or additional qualifications for individual classes and such qualifications also shall be deemed to be a part of the specifications for such classes.

**EXAMINATION ANNOUNCEMENTS, APPLICANTS, APPLICATIONS**

1300 Notice of Examination

At least twenty-five days' notice shall be given of each competitive examination by means of an official announcement posted on the official bulletin board in the office of the Commission. Announcements shall be given such other publicity as the director deems warranted to attract sufficient numbers of qualified candidates to compete in examinations and to assure that County employees and the public generally are informed of such examinations.

1304 Requests to be Notified

Requests to be notified when applications are to be accepted for a specific examination may, at the discretion of the Director, be filed in the Commission's offices on forms provided. When the examination is announced these notices will be mailed forthwith to those persons.

1308 Contents of Announcements

Announcements shall specify the title and salary range of the class for which the examination is announced; the nature of the work to be performed; the qualification required; the time, place and manner of making application; the date of the examination; and other pertinent information.

1316 Specific Requirements

Persons applying to take an examination must possess the requirements established for that examination as specified on the official announcement. The Commission may specify as

requirements any or all of the following: Residence, sex, State licenses or certificates, professional status, education, training, and experience. Age shall not be a requirement except that the compulsory retirement age established by the County Employees Retirement Act of 1937 shall be the maximum age for all classes in the classified service and whenever a minimum age or a minimum and a maximum age limit is required by law for any class, the Commission shall set age limits to comply with such law.

1320 Documentary Proof of Requirements

Applicants may be required to submit documentary proof that they possess the required education, licenses, certificates, or professional status, as well as evidence of satisfactory training and experience.

1324 Fingerprinting

The Commission may require that candidates in an examination be fingerprinted at any stage of the examination process. Any candidate who refuses to submit to fingerprinting shall be disqualified in the examination.

1328 Form of Application

Any individual may apply to take an examination by filing a prescribed form on which he/she states that he/she meets the announced requirements for such examination and that he/she understands that he/she will be eliminated at any stage in such examination if it develops that in fact he/she does not meet the announced requirements. This form must be filed at the office of the Commission on or before the closing date specified in the examination announcement, except that when a sufficient number of applications have not been received up to the closing date, the director may accept applications in the period between the closing date and the scheduled date of the examination. Otherwise applications filed after the closing date may be accepted only on approval of the Commission.

When an examination has been announced as a continuous examination as provided in rule 1436, the closing date shall be indefinite and the period of applying shall continue until suspended or terminated by order of the Commission.

This rule shall not apply where an examination is held entirely on an oral basis, or where other special circumstances make the procedure not feasible. In such case, each applicant shall file the official application form referred to in rule 1332 before the announced closing date.

In promotional examinations, the preliminary forms shall be checked against personnel records, and any applicant who does not meet the announced requirements shall be disqualified in advance.

1332 Filing of Official Application Form

Upon completion of the written or subject matter portion of the examination, those candidates who pass shall then be required to file an official application form with the

Commission by a specified date prior to the date of the oral interview. No one shall be admitted to the oral interview who has not filed his official application form, or who is found from the information on the official application form not to meet the announced requirements for admission to the examination.

When an examination has been announced as a continuous examination as provided in rule 1436, the closing date shall be indefinite and the period for filing applications shall continue until suspended or terminated by order of the Commission.

1336 Rejection

The Commission may reject an application, or may disqualify an applicant at any stage of the examination process, or may remove an eligible from an employment list, for any of the following reasons: If he/she does not meet the minimum requirements as stated in the official announcement, or has not conformed with other published requirements, or has made false statements in his/her application, or is so deficient in personal qualifications or physical ability as to be unfit for effective service in the class.

1340 Notice of Rejection

Whenever an application is rejected, the applicant shall be notified in writing and advised of the reason for rejection.

1344 Right to Appeal

Whenever an application is rejected, the applicant may file a written appeal for reconsideration by the Commission. Such appeal shall be filed immediately on receipt of the rejection notice. In the event there is not sufficient time for the Commission to act on such appeal, the director may allow the appellant to participate on a provisional basis pending decision of the Commission on the appeal.

1348 Notice of Admission

Each applicant whose application is accepted shall be furnished with a notice of admission to the examination for which he/she has filed.

1352 Applications Confidential

Neither the names of applicants for an examination or the names of those who fail in an examination shall be made public.

1354 Applications Not Returnable

Applications filed with the Commission shall become the property of the Commission and shall not be returned to applicants.

## **EXAMINATIONS**

### 1400 Competition

Except as provided in rule 1404 and rule 1408, all examinations shall be competitive and shall be designed to determine the qualifications, fitness, and ability of competitors to perform the duties of the class for which the examination is being given. Examinations may be written, oral, performance, physical, or a combination thereof. They may take into account such factors as experience, education, aptitude, capacity, knowledge, skill, character, physical fitness, or any other factor, quality, or attribute, including moral character and reputation, that may determine the relative fitness of a competitor.

### 1404 Suspension of Competition

In the case of a vacancy requiring peculiar and exceptional qualifications of a scientific, professional, or expert character, upon satisfactory evidence adduced at a public hearing that competition is impracticable and that the position can best be filled by the selection of a person of recognized attainments, the Commission may order the competitive examination suspended, but no such suspension shall be general in its application to such position, and all such cases of suspension of competition shall be reported by the Commission, together with the reasons therefor, to the Board of Supervisors.

### 1408 Qualifying Examinations

At the discretion of the Commission, noncompetitive qualifying examinations may be given to an incumbent with tenure in a position which is upgraded as a result of reclassification or reallocation. An incumbent who qualifies in such examination shall be certified by the Commission as eligible to fill the upgraded position subject to serving the probationary period required for the class to which the position has been reallocated.

### 1412 Preparation of Examinations

All examinations shall be scheduled, prepared, and administered under the direction of the director. He/she may secure the assistance of persons of recognized attainments in a given field to assist in the preparation or conduct of examinations, in the review of examination questions and keys, or in the correction of essay questions, or he/she may contract with public or private professional agencies for such service.

### 1416 Subject Matter Portion

The subject matter portion of an examination may consist of written, oral, performance, or physical tests, or any combination thereof, and may include any test of knowledge, skill, capacity, intelligence, aptitude, or of any other factor which in the opinion of the director will be an aid in evaluating the relative fitness and ability of candidates as well as their capacity to develop. Where possession of a license, issued following appropriate examination by a legally constituted body of the State of California, is a requirement for the class, the Commission may order that possession of such license shall qualify applicants in the subject matter portion of the examination for such class and shall so specify on the examination announcement.

1420 Interview

Unless otherwise ordered by the Commission, each examination shall include an interview to appraise the personal qualifications of candidates. For the purpose of limiting the oral examination to those deemed most qualified, the interview may be limited to those candidates successfully completing a subject matter test or performance test or review of applications or other procedures or combinations thereof for evaluating qualifications. In such event, the final rating received by the candidate in said procedure may or may not be weighted with the rating received in the oral portion of the examination in determining his final rating. Failure to report for the interview shall eliminate a candidate from the examination.

1424 Education, Training and Experience

When education, training and experience or any combination thereof are weighted separately as a part of an examination, procedures shall be developed to evaluate the quality, recency, and amount of experience and the pertinency of and satisfactory completion of education and training.

1428 Administration

Examinations may be administered at such hours and in such locations as in the judgment of the director will be most consistent with the interests of the County and the convenience of the applicants. Each applicant who has filed for an examination according to rule 1328 shall be notified of the date, time, and place of such examination, or part thereof. The director shall appoint monitors to conduct the examination in accordance with instructions prescribed therefor.

1432 Administration in Other Localities

When recruiting outside the County, the director may arrange to have the subject matter portion of an examination administered to applicants by other qualified agencies in the area where such applicants are located. When the interview is a part of such examination, successful candidates in the subject matter tests shall come to Alameda County for such interview at their own expense, unless otherwise ordered by the Commission.

1436 Continuous Testing

The Commission may order continuous examinations for classes for which it is difficult to maintain adequate eligible lists. For such classes, the director may continuously receive applications, conduct examinations, and place names of successful candidates on eligible lists in order of their final ratings in the examination. Eligibility from a continuous examination may be deemed to be established as of the date the examination is completed.

1440 Postponement and Cancellation

The Commission may order that an examination be postponed or canceled and in such case applicants shall be given suitable notice thereof.

1448 Anonymity of Candidates

To assure anonymity for each competitor in the written test, his/her papers shall be identified by a number until the scoring of the written test is completed. Only after the scoring of the written test is completed shall the identity of the competitors be disclosed.

1452 Inspection of Tentative Key

During the period of from one to five working days, as determined by the director, immediately following the day of a written examination, any candidate in the examination may inspect a tentative keyed copy of the examination in the office of the Commission and may request a review of any items that he/she believes to be ambiguously worded, inappropriate for inclusion in the examination, or incorrectly keyed. However, keyed copies of copyrighted or standardized tests, or of examinations being given continuously, or of essay or other questions requiring judgment to correct shall not be available for review. During this inspection period, a candidate may file a written request for review of the items or part of the examination he/she questions, giving his/her reasons and citing authorities to support them. The examination shall not be scored until all of the disputed items have been reviewed and appropriate adjustments, if any, made by correcting the scoring key or eliminating items from the examination. Further requests for review of the written examination shall not be considered. Candidates will be advised at the time of the examination of the period of time available for inspection of the tentative key.

1456 Ratings

In order to qualify in an examination, candidates must attain a rating of at least 70% in the subject matter portion and a final rating of at least 70% in the total examination. The Commission may set a minimum qualifying rating for each different subject matter test or for other parts of an examination and candidates failing to achieve such ratings shall be eliminated from participating in the remaining tests or parts of such examination, or if they have already participated, they need not be rated. When in scoring the examination of a candidate, it becomes evident that he/she would receive a rating less than the minimum required to qualify, such candidate shall be eliminated at that point and the scoring of the remaining parts of his/her examination need not be completed. In converting raw scores to percentage ratings, scores below the passing score need not be converted.

The Commission may limit the maximum number of qualified persons who shall constitute an eligible list, or who shall be permitted to compete in any of the separately weighted parts of an examination, and such persons shall be those individuals scoring the highest in the total examination or separately weighted part thereof, as the case may be.

1464 Notice of Results

As soon as the eligible list is promulgated, each candidate in the examination shall be notified by mail of the result of his/her examination and, if he/she has qualified for a place on the

eligible list, such notice shall state his/her rating and relative standing on the list except that when candidates are eliminated in an earlier stage of the examination process as provided in rule 1456, they may be notified of their failure to qualify at an earlier date.

A candidate's notice of standing on an eligible list and his/her rating in an examination shall be disclosed only to him/her except that in connection with certification and appointment, his/her standing and rating as an eligible may be disclosed to a department head or to a representative of a department head.

1468 Examination Inspection Period

Each candidate may inspect his own examination papers in the office of the Commission at any time within ten days from the date of mailing notices of standing in the examination, except that copyrighted or standardized tests shall not be inspected, and that the inspection period for an examination being held on a continuous basis shall be limited to the ten-day period following the termination of continuous testing.

1470 Interview Records Confidential

Each candidate is entitled to know the score he attained in the interview portion of an examination during the inspection period provided by rule 1468. Records of the interview, other than the overall score, particularly statements of the opinions of the individual interviewers regarding the qualifications of the candidate upon which the ratings given by such interviewers are based, are confidential and shall not be revealed to anyone other than the Commission or Commission staff members directly concerned with the examination.

1472 Appeal for Review of Rating

If a candidate has been disqualified in the oral part of an examination and believes that such action was the result of irregular interview procedures, he may make a written appeal, giving particulars of such irregularities for review by the Commission. Also, an appeal of disqualification in the written part of an examination may be made only on grounds of irregularity or clerical error. Any appeal shall specify the grounds upon which it is made and must be received in the office of the Commission within ten days of the mailing of the notices of standing in the examination.

1476 Revision of Ratings

When an appeal is upheld, the appellant's standing shall be revised accordingly and if the appeal discloses errors that affect the standing of other candidates, they shall also be revised. When the relative standing of eligibles changes as a result of such revisions, their places on the eligible list shall be changed accordingly but appointments previously made from such list shall not be affected thereby.

1480 Promotional Examinations

All promotional examinations shall be competitive and shall be conducted in the same manner as open examinations except that admission to a promotional examination shall be restricted to persons in the employ of the County who have served at least six months following regular appointment to the classified service and who meet the published requirements for the examination. The Commission shall determine whether an examination shall be held on a promotional or open basis.

1492 Disposition of Papers and Records

Prescribed application forms of persons who fail to appear for the written test and examination records of candidates who fail to qualify in the written test shall be destroyed at any time after thirty days from the date of promulgation of the eligible list. Examination records of candidates who qualify in an examination shall be retained during the life of the eligible list or for 15 months, whichever is longer, and the examination records of each appointee shall be filed in his/her permanent personnel folder.

Following the period during which competitors may inspect their examination papers, and after their ratings in each part of the examination have been transferred to examination records, examination materials such as question booklets, answer sheets and work papers may be destroyed, but general qualification appraisal sheets and applications shall be retained at least 15 months from the date of the promulgation of the eligible list.

**APPOINTMENT**

1744 Reinstatement Following Resignation

On the request of a department head and approval of the Commission, a regularly appointed employee who resigned in good standing may, within three years after the effective date of his/her resignation, be reinstated in a position in the class from which he/she resigned or in a position in another class for which he/she may be eligible as determined by the Commission. Appointments by reinstatement following resignation are subject to the probationary period established for the class.

**REDUCTION IN FORCE, LAY-OFF, RE-EMPLOYMENT, REINSTATEMENT**

2000 Jurisdiction of Commission

All Lay-offs and demotions in lieu thereof resulting from reduction in force in the classified service shall be made in accordance with these rules and the procedures established by the Commission for an orderly reduction in force.

2004 Jurisdiction of Department Head

Whenever it becomes necessary to reduce the number of employees of a department, the department head shall determine the class(es) to be affected by the reduction, the number of positions by which each class shall be reduced, the date the reduction is to take effect and shall notify the Commission of these determinations. When specific positions within a class require special skills, knowledge, or abilities, the department head, with prior concurrence of the Commission, may designate specialties within a class and treat such approved specialty as a separate classification for purpose of lay-off and demotion in lieu of lay-off.

2008 Order of Lay-off

When a reduction in force becomes necessary, the Commission shall provide lay-off instructions to affected departments detailing the lay-off procedures and policies to be used by departments in determining the order of lay-off for affected employees. Any appeals concerning departmental actions under the instructions of the Commission shall be governed by the Commission's Administrative Appeals Rules. Lay-off shall be accomplished in inverse order of total County service, except as may be provided in Rule 2014 and as may be provided by applicable Federal or State regulations. For purposes of this rule, Total County Service shall be defined as the sum total of paid service for the County without regard to whether such service was continuous, full-time, less than full-time, tenured, probationary, provisional, temporary or emergency, as well as unpaid leave taken under the Voluntary or Mandatory Time Off program, adopted by the Board of Supervisors in Fiscal Year 1992-93 and 1993-94. All ties in service time will be resolved according to criteria established by the Commission.

Before any tenured employee is laid off, all appointees working in affected classes under emergency, provisional, temporary or probationary appointments shall be separated in the above sequence, except that the provisions of this sentence shall not apply to probationary appointees reinstated pursuant to Rule Number 1744 and to employees on probation by virtue of job reclassification where such employee was continuously performing the same job functions six (6) months prior to the reclassification.

Any employee subject to lay-off as a result of being in a promotional probationary status in a new department may at the decision of the Commission be allowed to demote in lieu of lay-off to the employee's former classification and department. Any employee so affected shall request a Commission determination within ten (10) working days of notification of the lay-off status.

2010 Lateral Movement/Displacement in Lieu of Lay-Off

An employee in a classification affected by a reduction in force may, in lieu of lay-off, elect to move to a position in an equal-paying classification (in the same department) where vacancies exist, provided that such employee has held tenure in that equal-paying classification. In a situation where there are no vacant positions, an employee who has held tenure in an equal-paying classification may displace another employee in an equal-paying classification within the same department, provided that such displacement in the equal-paying classification is effected pursuant to Rule 2008. The employee who has held tenure in more than one equal-paying classification does not have an option as to the class in which the displacement will occur, but will be permitted to move only into the class then filled by the employee with the least amount of total County Service.

Reduction in force, or displacement in lieu of lay-off in one agency/department shall not affect employees in other agencies/departments except as provided for in Rule 2008, and any movement/displacement under this rule shall be in accordance with the provisions of Rule 2008.

#### 2012 Demotion in Lieu of Lay-Off

An employee in a classification affected by a reduction in force may, in lieu of lay-off, elect to demote to a lower paying classification, provided that such employee had held tenure in the lower paying classification. For purposes of lay-off or demotion in lieu of lay-off, flexibly staffed classifications, as defined in the annual salary ordinance, may, with the concurrence of the Commission be treated as one classification. Except as provided in Rule 2014, when both the employee demoting and the employee in the lower paying class have equal Total County Service, the employee in the lower paying classification would be laid off or demoted first. Reduction in force or demotion in lieu of lay-off in one agency/department shall not affect employees in another agency/department except as provided in Rule 2008.

Employees exercising their right of demotion in lieu of lay-off must demote to lower paying classifications, in order of the pay levels of the classification.

#### 2016 Re-Employment

Employees with tenure in the class and department from which they were laid off, including employees who elected to take a demotion in lieu of lay-off, shall have re-employment rights to future vacancies in such class and department. The names of laid off and demoted employees shall be placed, in the inverse order of lay-off, on the departmental preferred list established for the class. Re-employment from such list shall be in accordance with the provisions of these rules governing certification and appointment.

#### 2020 County-Wide Re-Employment Lists

The name of each employee placed on a departmental preferred list shall also be placed on a County-wide re-employment list for the same class, as provided in Rule 1508 and 1509 in order of Total County Service for certification to vacancies in the class in other County Departments, except for the Sheriff's Department sworn classifications which are placed on such County-wide re-employment lists in inverse order of lay-off based on total paid service for the class as set forth in Rule 2014. The names of laid off probationary employees shall be placed on a County-wide re-employment list if they were laid off from the probationary class.

Certification and appointment from the County-wide re-employment list shall be made in accordance with the provisions of these rules governing certification and appointment.

Acceptance of an appointment from a County-wide re-employment list shall not affect the right of any tenured employee to re-employment in the class and department from which the employee was laid off or from which the employee accepted demotion, but will result in the employee's name being removed from all other County-wide or departmental preferred lists for positions of equal or lower level salary. If the accepted position was for a lesser number of hours than previously worked by the employee, acceptance will not result in the removal of the employee's name from any full-time lists. When more than one County-wide re-employment list exists due to multiple lay-offs or reclassification action(s) and lay-off, the lists shall be combined

for each class with persons on the list being ranked in order of Total County Service or in inverse order of lay-off for Sheriff's Department sworn classes based on total paid service for the class as set forth in Rule 2014. Total County Service shall be determined as of the effective date of the lay-off or classification action.

2024 Right to Compete for Promotion

An employee who has re-employment rights as provided in Rule 2016, shall have the same right to compete for promotion that he/she would have had if he/she had not been laid off or had not accepted demotion in lieu of lay-off. Such employee shall be admitted to a promotional examination and shall be given preferential promotion credits in an open examination as provided in Rule 1484.

2028 Re-Employment Following Disability Retirement

Any employee who has been retired because of disability before reaching the ordinary minimum retirement Age, and who under the provisions of the retirement act has been medically re-examined and has been found to be able to engage in gainful employment shall be eligible for re-employment, either in the position he/she occupied or in another position for which he/she may be found to be qualified. When such position is in a department other than the one from which the employee retired, the consent of the head of the department is required before such re-employment shall become effective.

2032 Re-Appointment to Temporary Position

Any person from among the eligibles with the five (5) highest scores willing to accept temporary appointment, who is appointed to a temporary position of an as needed nature, may be re-appointed to such position on the request of the department head without having to be certified again from the list, notwithstanding the fact that at the time of such re-appointment that person may not be within the five (5) highest scores of those eligibles willing to accept temporary work. Nothing in this rule shall be construed to extend the maximum length of temporary appointments prescribed by law.

This type of appointment is distinguished from permanent Service-as-Needed appointment, the methods for filling which is set forth in Rule 1713.

2040 Re-Employment Following Separation from Promotion Appointment

An employee who, during his/her probationary period, is separated for reason of inability to perform the duties of a higher level position in County service to which he/she has been promoted, shall, upon request to and order of the Civil Service Commission, have his/her name placed on the County-wide re-employment list for the class from which he/she was promoted, and shall be certified from the list as provided in Rule 1532.

## APPENDIX C

### **DOMESTIC PARTNER DEFINED**

(County Health/Dental benefits only)  
Section 7.B. Bereavement Leave  
Section 10.F. Family Sick Leave

A "domestic partnership" shall exist between two persons, one of whom is an employee of the Alameda County Fire Department, covered by this Memorandum of Understanding, regardless of their gender and each of them shall be the "domestic partner" of the other if they both complete, sign and cause to be filed with the County an "Affidavit of Domestic Partnership" attesting to the following:

- a. the two parties reside together and share the common necessities of life;
- b. the two parties are: not married to anyone; eighteen years or older; not related by blood closer than would bar marriage in the State of California; and mentally competent to consent to contract;
- c. the two parties declare that they are each other's sole domestic partner and they are responsible for their common welfare;
- d. the two parties agree to notify the County if there is a change of circumstances attested to in the affidavit;
- e. the two parties affirm, under penalty of perjury, that the assertions in the affidavit are true to the best of their knowledge.

Termination. A member of a domestic partnership may end said relationship by filing a statement with the County. In the statement, the person filing must affirm, under penalty of perjury, that: 1) the partnership is terminated, and 2) a copy of the termination statement has been mailed to the other partner.

New Statements of Domestic Partnership. No person who has filed an affidavit of domestic partnership may file another such affidavit until six months after a statement of termination of the previous partnership has been filed with the County.

## APPENDIX D

### PROVISION FOR DISPUTE RESOLUTION TO BE INCLUDED IN CONSOLIDATION AGREEMENT BETWEEN CITY OF SAN LEANDRO, ALAMEDA COUNTY FIRE PROTECTION DISTRICT, INTERNATIONAL ASSOCIATION OF FIRE FIGHTERS, LOCAL 55, SAN LEANDRO FIRE FIGHTERS' ASSOCIATION and INTERNATIONAL ASSOCIATION OF FIRE FIGHTERS, LOCAL 1428

The following impasse dispute resolution policy and process is hereby agreed to by and between the Alameda County Fire Protection District ("District") also known as Alameda County Fire Department ("ACFD"), the City of San Leandro ("City"), International Association of Fire Fighters, Local 55, San Leandro Fire Fighters Association and International Association of Fire Fighters, Local 1428 and shall be incorporated into and become part of the consolidation agreement between the City and the District. This policy and process shall exist for the duration of the consolidation agreement referenced by this provision and will not be superseded during the life of that agreement in any manner whatsoever unless and until binding interest arbitration is made available to employees of the ACFD for the purpose of resolving disputes over wages, hours and other terms and conditions of employment. The parties are free to modify the provisions of this policy and process by mutual written agreement.

(a) **Declaration of Policy.** It is the policy of the District that strikes by its firefighters pose an imminent threat to public health and safety and should be prohibited, and that alternate methods should be adopted for peacefully and equitably resolving disputes that might otherwise lead to such strikes.

(b) **Prohibition Against Strikes.** No firefighter employee, employee union, association or organization shall strike, slow down, sick out, or engage in such concerted activity against the District: Disputes unresolved by negotiation shall be resolved by the impasse dispute resolution procedures set forth herein. Any such employee who fails to report for work without good cause during negotiations or who aids, abets, or encourages strikes, slow downs or sick outs against the District during such time shall be subject to disciplinary action, including, but not limited to, termination from employment with the District, subject to the provisions of this impasse dispute resolution procedure, the District's Personnel Rules and Regulations, and any other applicable lawful procedures.

(c) **Obligation to negotiate in good faith.** The District through its duly authorized representatives, shall negotiate in good faith with recognized fire employee organization(s) on wages, hours, and other terms and conditions of employment, including procedures for the resolutions of grievances submitted by the employee organization(s) over the interpretation or application of any negotiated agreement, including provisions for binding arbitration of grievances. Unless and until agreement is reached through negotiations between the District and the recognized employee organization(s) or a determination is made through the impasse dispute resolution procedure, hereinafter provided, no existing benefit or condition of employment within or effecting matters within the scope of representation for those employees shall be eliminated or changed.

(d) Upon the consolidation of the City of San Leandro Fire Department with the Alameda County Fire Protection District, the former firefighter employees of the City shall become firefighter employees of the District with all rights and benefits accorded to them pursuant to memoranda of agreement between International Association of Fire Fighters, Local 1428 and the District, District rules and regulations and applicable law. Beginning December 31, 1996, with the expiration of the existing Memoranda of Understanding between the District and International Association of Fire Fighters, Local 1428, and for any successor memoranda of understanding, the parties shall exchange their written demands at least 180 days before the expiration of the then current agreement or conciliated award. Collective negotiations shall commence at least 150 calendar days before the expiration of the then current agreement or conciliation award.

(e) An agreement reached between District representatives and the representatives of the recognized employee organization(s) shall be submitted in writing to the District Board for its approval, modification, or rejection. All phases of negotiations, mediation and conciliation, including the final binding decision of the conciliator shall be completed at least 25 calendar days before the expiration of the then current agreement or conciliated award.

(f) All parties shall select and schedule a person to act as both mediator and conciliator (hereafter "conciliator") at least 200 calendar days before the expiration of the then current agreement or conciliated award. If they are unable to agree upon a conciliator, they shall select such person from a list of seven names to be provided by an impartial third-party service mutually acceptable to the parties. The parties shall provide the service with sufficient notice to ensure receipt of the list at least 190 calendar days before the expiration of the then current agreement or conciliated award. If at least 180 calendar days before the expiration of the then current agreement or conciliated award the parties still cannot agree upon a conciliator, they shall immediately alternately strike names from the list, the choice of the first strike to be determined by lot. The last remaining unstruck name shall be selected and scheduled as conciliator.

(g) If 90 calendar days before the expiration of the then current agreement or conciliated award no agreement can be reached, or if the Board refuses to ratify the agreement arrived at or modifies such agreement in any manner unacceptable to the employee organization, the parties shall commence mediation.

(h) If no agreement between the parties has been reached within 14 calendar days after the start of mediation, the conciliator shall thereupon commence conciliation proceedings to deal with the issues still in dispute. Each party shall put in writing its last best offer on each of the issues still in dispute within 14 calendar days after the start of the conciliation proceedings, and these offers shall immediately be made public. The parties shall submit no more than five disputed issues to the conciliator. Upon mutual agreement of the parties, the number of issues may be changed. In the event the issues submitted by the parties are not identical, each party shall submit its last best final offer on those issues in dispute. The conciliator shall hear the evidence presented and consider all factors relevant to the issues from the standpoint of both employer and affected employees, including the interests and welfare of the public and the financial ability of the Board to meet those costs. If one of the

parties fails to submit its last best offer within the above-allotted time, then the conciliator shall be obligated to make an award incorporating the terms and conditions of the last best offer made by the party that has submitted its offer within the above allotted time. The decision of the conciliator shall be submitted in writing to the District Board and the membership of the recognized fire employee organization(s) for approval or rejection on an issue-by-issue basis. Any decision of the conciliator which is accepted by the parties shall become effective immediately or at such time as is stated in the award. Any decision of the conciliator which is rejected by any party, shall be resubmitted to the conciliator for mediation where either party may submit additional evidence for consideration. If, after fourteen days from the date of rejection, any issue(s) remains unresolved, the conciliator shall render an award on any remaining unresolved issue(s), based upon the last best offers originally made by the Parties. This award shall become final and binding.

(i) Notwithstanding the provisions of Paragraph (h) above, the conciliator shall have no authority to issue a final and binding award with respect to increases in base salary wage and the specified cash compensation differential pay categories set forth below. Increases in base salary wages and the specified cash compensation differential pay categories for each represented classification for firefighter employees shall be effective January 1 of each calendar year and shall be determined solely in accordance with the following provisions:

(ii) During the fall of each calendar year, The District and the firefighter employee representative organization(s) shall jointly survey the following San Francisco-Oakland-San Jose Metropolitan Statistical Area Fire Departments and Districts (hereinafter "jurisdictions"):

1. Oakland
2. Alameda City
3. San Ramon Valley
4. Santa Clara County Central Fire Protection District
5. Berkeley
6. Contra Costa County
7. Richmond
8. Mountain View
9. Fremont/Union City
10. Pleasanton
11. Livermore

The survey shall be completed no later than January 10 of each year, and shall reflect data which is or later becomes effective during the month of January. The number and identity of the jurisdictions surveyed may be changed by mutual agreement between the District and the employee representative organization(s), however, if any of the jurisdictions cease operation or are consolidated with other fire departments or agencies, the parties shall meet and confer over replacement jurisdictions. If unable to agree to successor jurisdictions, the matter will be submitted to final and binding arbitration. If such a dispute is referred to arbitration, the arbitrator shall be bound to consider the following factors in selecting a replacement agency: size of the department/district as compared to the ACFD; proximity to

the ACFD; base salary and the specified cash compensation of the proposed agency as compared to the replaced agency. The salary and differential pay data received from said jurisdictions shall be displayed in a chart listing Base Salary and cash compensation differential pay for each category by name for each jurisdiction as follows:

1. Base Salary (defined as top step firefighter monthly pay, and employer-paid member retirement contribution where applicable);
2. Holiday Pay as a percentage of the monthly top step firefighter pay;
3. Emergency Medical Technician ("EMT") Pay as a percentage of the monthly top step firefighter pay;
4. Paramedic Pay as a percentage of the monthly top step firefighter pay.
5. Hazardous Materials ("HazMat") Pay as a percentage of the monthly top step firefighter pay.

The District and the employee representative shall thereafter determine the Average Base Salary from among the jurisdictions and shall also determine the Average Percentage Relationship to Base Salary for each of the specified cash compensation differential pay categories listed above from among the jurisdictions. For each cash compensation differential pay category surveyed, the Average Percentage Relationship to Base Salary shall be computed by excluding those jurisdictions which lack differential pay for any category surveyed. For example, if Oakland does not pay EMT differential, then it would not be included in the computation of the Average Percentage Relationship to Base Salary of EMT differential pay from among the jurisdictions. The District and the employee representative organization(s) shall then determine the difference between the Average in Base Salary and the District's current Base Salary and the difference between the Average Percentage Relationship to top step firefighter pay for each of the differential pay categories listed above and the District's current Percentage Relationship to Base Salary for each of the differential pay categories.

(iii) The preliminary determination of the general wage increase shall be the percentage increase (decrease) in the Consumer Price Index for Urban Wage Earners and Clerical Workers, revised, San Francisco-Bay Area, all items, (1982-84 = 100) for the period December 1993 through December 1994, and for November through November for each calendar year thereafter, respectively (hereinafter "CPI-W"). The final determination of the general wage increase shall be the amount of the increase (decrease) in the CPI-W (rounded to the nearest tenth of a percent), plus that percentage amount in excess thereof which equals the percentage difference with the Average for Base Salary (or minus that percentage amount less than the Average in the event the Average should be less than the CPI-W). If the annual general wage increase is 10% or greater, the Board may grant the increase in two (2) equal increments (January 1st and July 1st).

For example, if the general wage increase necessary to the District's current Base Salary to reach the Average for Base Salary for the jurisdictions exceeds the increase in the CPI-W, then the general wage increase shall be equal to that necessary to reach the Average for Base Salary for the jurisdictions.

If the increase in the CPI-W exceeds the increase to the District's current Base Salary necessary to reach the Average for Base Salary for the jurisdictions, then the general wage increase to the District's current Base Salary shall be equal to the increase in the CPI-W.

If the percentage difference with the Average for Base Salary does not exceed the District's current Base Salary, and if the CPI-W has not gone up since the previous salary survey, then there shall be no change to the District's current Base Salary.

(iv) For each of the cash compensation differential pay categories surveyed, the differential pay for each category in the District shall be increased, if necessary, to equal the Average Percentage Relationship to top step firefighter base pay from among the jurisdictions. There shall be no decrease in any differential pay in the District for the categories surveyed if the current differential pay as a percentage of top step firefighter current Base Salary is greater than the Average Percentage Relationship to top step firefighter base pay from among the jurisdictions for the category surveyed. For example, if the Average Percentage Relationship to firefighter base pay for EMT differential pay is 5.0% from among the jurisdictions, then EMT differential pay for the District must be set at no less than 5.0% of base pay.

(i) The costs of mediation and conciliation, including the scheduling of the conciliator, shall be borne equally by all parties. Mediation/conciliation hearings shall be conducted within the District and closed to the public, unless otherwise mutually agreed upon by the parties with the concurrence of the conciliator.

(j) The provisions of this policy and procedure shall not be construed as making any provisions of Section 923 of the Labor Code of the State of California applicable to District employees. The provisions of this Section pertaining to conciliation shall be construed as an "agreement" for the purpose of making applicable to the extent not to conflict herewith the provisions of Chapter 1 (commencing with Section 1280), Title IX, Part 3 of the Code of Civil Procedure of the State of California.

(k) The time limits set forth above may be waived by mutual written agreement of the parties.

(l) In the event that any paragraph of paragraphs of this Agreement shall be declared invalid by any court of competent jurisdiction, the parties shall meet and confer on the paragraph(s) so affected. If unable to agree to successor language, the matter shall be submitted to final and binding arbitration. All other paragraphs of this Agreement not affected shall continue in full force and effect.
