Ethics in the Digital Age, 4 Hours of MCLE Ethics Available

“Jerks of the World, Unite. You have nothing to lose but your ethical chains! Or Ethics for the digital Age-- O'Brave New World, That has such people in’t!’

Ethics is the law of attorneys. Let's hit the restart button. Let's make sense of ethics. Let's have fun. Why Not?

Discover the new wellsprings of ethics, the duties owed to the client, the duties owed to the adverse party and the duties owed to the courts. Sometimes, and more than once, these duties collide. Ouch! Let's avoid the Humpty Dumpty moments. Forest Gump should ride in the back seat, and not shotgun. Meet the new ethics cops. Fear the digital world.

Do you know the difference between a powerful attorney and power of attorney?

There are old attorneys. There are bold attorneys. There are no old and bold attorneys.

Two separate and non-duplicative MCLE presentations which require separate registration.
