FOR IMMEDIATE RELEASE:

April 8, 2013

TEMPORARY CLOSURES ON HIGH STREET BRIDGE

ALAMEDA/OAKLAND, CA – The Alameda County Public Works Agency will be installing cable netting to the recently repaired High Street bridge barrier. This vehicle restraint barrier system is part of the bridge safety mechanisms and needs to be replaced. This cable netting replacement will require a full bridge closure to all vehicle traffic on April 11, 2013, between the hours of 10:00 a.m. and 12:00 noon. Bridge walkways will remain accessible to pedestrians and bicyclists. Both are urged to use caution when transiting the work area.

Detour signs will be put in place to guide motorists around the closure area. When travelling through the detour areas, motorists are advised to exercise caution and adhere to all traffic regulations.

There will be no impact to marine traffic.
