4. Program Presentations:
 - Danielle Guerry, Clinical Director Telecare – ACC Program 358 Office of Collaborative Court Services

- *Treatment Courts- specialty courts that serve justice involved people at high risk to recidivate and with a high need for behavioral health services and treatment.*
- *Clients will have regular contact with assigned court case manager and get linked to MH services through Telecare ACC*
- *There are 8 treatment courts under the office of collaborative court services (drug courts (2), reentry courts (2), family treatment courts (3) and veterans treatment court.*
- *Question: Dr. Clanon asked - What do you not have and need for clients in terms of a referral, source or kind of service?*
- *Note Provided by Dr. Kathleen Clanon - ACBH is working on a contract for medical detox, which is something we have not had before in the Safety Net.*
- *Program now has a full-time social worker that has recently joined their team.*
- *Question: I am interested in the process in data sharing, how are you able to get recidivism and hospitalization information on clients in a HIPAA compliant way?*
 - *Response: Danielle only has access to Clinician Gateway SRJ records for clients that receive Mental Health services. No individual identifiers are given when compiling information.*
- *Suggested that Dr. Clanon possibly return to a future meeting to speak and provide and update re: Community Health Records.*
- *Question: Mentioned that some eligible clients able to participate in court are PRCS. Are they eligible to participate if they are actively on probation?*
 - *Response: Yes. There is a probation officer currently on the team and the client would be reassigned.*
- *Question: What percentage of the total court population is part of ACC? Also, from the clients that are referred, what percentage make it into the ACC?*
 - *Response: Program spans across about 200 clients and keep records of triage. Those that need immediate care and referrals to FSP or highest-level mental health services. Making those referrals and then keeping track of referrals. People who don't need services program would still check in with their progress and needs. 90-95% of those that are being tracked are in continued communication with unless they request otherwise.*
- *Question: Where is the Front End ALOC screening being held?*
 - *Response: Screenings are being held multiple ways (over the phone, court, in the community, etc.)*
- *Question: (RANT) Risk and Needs Assessment?*
 - *Danielle will provide more information on the assessment to the group.*

5. Brief Overview of MH Sub-committee Mental Health Strategies and Priorities

- a. <http://www.acgov.org/probation/documents/CCPQuarterlyMeeting7-21-2021.pdfFinal.pdf>

6. Sub-committee discussion questions: strategies and progress towards them

a. Discharge planning

- i. *Non-contact visits possibly are now allowed at Santa Rita Jail*
- ii. *What would be the ask for AFBH and Santa Rita Jail?*

1. *Possibly invite representation from the Safe Landing trailer to the meeting. Increase in hours are needed.*
2. *Roots Transportation is a great resource from 8am to midnight. However, it not being a mental health transport; when there is a crisis at hand and in need there are no resources on hand to assist but they are able to follow up at a later time.*

3. *A team within the jail that is focused on Outreach and identifies service providers and is solely dedicated to provide communication.*
4. *There is an automatic report in Yellowfin that if you have a client open to your RU, you can receive a report every time someone is released or admitted in/from jail.*
5. *TAY providers have been able to reach out to the AFBH Discharge email to connect with AFBH staff once clients are at SRJ.*

7. **Wrap-up and next meeting**

- a. *Will follow up at a later time with upcoming meeting date once one has been established.*
