

To Whom It May Concern:

My name is Joseph Lewis. The internship program here at Dig Deep Farms has been exceptional. The support & training I have received from the staff and manager, Kim Thomas, has been professional, inciteful, understanding & caring.

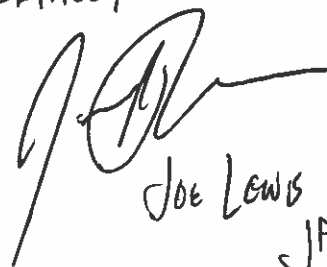

Under Kim Thomas's guidance & mentorship I've been able to set & achieve goals to further my success in being a productive member of society.

From my understanding there are few if any programs that offer the level that Dig Deep Farms management & staff offer to improving the lives of not only myself but other interns that come through their doors.

I look forward to continuing with Dig Deep Farms and passing on my own experiences to help others as they have helped me.

In conclusion I hope to see this internship program continue to help and inspire lives for many years to come.

Cordially
