

YOUR VOTE MATTERS

Does my vote make a difference?
Why should I vote?

Yes!

When you vote, you become part of the decision making that affects your life.

When you don't vote, others will make the decisions for you.

When you vote you make it clear what sort of community you expect

DO YOU WANT

- A fairer criminal justice system?
- More affordable housing?
- Better schools?
- Well-maintained streets and parks?
- Better health care?
- Better public transportation?
- Equitable government policies, programs, resources, and funding?

Your Government — national, state, and local — runs all these services and more.

When you vote, you tell the people you elect what your community wants and you help hold them accountable.

Voting matters. Use your voice and vote.

Register to Vote or find out if you're registered at:
Registertovote.ca.gov
or
call 800-345-VOTE (8683)
