IV. Review & Approval of Recommended Program Models – Workgroup Participants

A. [Early Intervention Court](#)

1. Early Intervention Court (EIC) is a voluntary non-statutory “pre” and “post” plea program that offers participants options to avoid a felony conviction through successful completion of a series of programs centered on personal and professional development; the program is currently contracted through Leaders in Community Alternatives (LCA)
2. The recommended [Early Intervention Court Logic Model](#) was shared and discussed, including the target population, what the program offers, and the short to long term results the program hopes to achieve; one of the participants shared her EIC experience with the group

B. [For Us By Us \(FUBU\) Peer Mentorship Program](#)

1. FUBU helps disengaged clients reconnect and integrate back into the community by providing lived-experience peer support that utilizes supervision, stabilization services, training, and leadership development opportunities; a major change to the program and accompanying logic model is the expansion of services to clients who are new to supervision, in addition to those who are disengaged; the program currently has four contracted providers who help connect clients to services throughout the county: Building Opportunities for Self-Sufficiency (BOSS), Community & Youth Outreach (CYO), Men of Valor Academy (MOVA), and Tri-Cities
2. A recommended [FUBU Logic Model](#) was shared and discussed; this logic model is for a *new* Request For Proposal (RFP), so the future contract may or may not include the same providers
