

San Lorenzo Creek Task Force
MEETING SUMMARY
HARD Building
1099 E Street
Hayward, 94541
December 20, 2007
7:00- 9:00pm

Present: Ken Peek, Bruce King, Chris Higgins, Rex Warren, Larry Lepore, Greg Rau, Bill Vandenburg, Robin McCoy, Linda Bennett, Howard Beckman, Seth Kaplan, Liz McElligott.

7:00 Welcome

- 1 Reviewed Agenda
- 2 Approved Meeting Notes from December 6th
- 3 Announcements- the community coalition (FEMA maps) has been postponed until possibly January. Alameda County now has one comprehensive GIS database

7:05 Work Plan for San Lorenzo Creek Watershed Task Force

- 1 Discuss two proposed workplans- it was decided that the workplans should be merged. Definition of "setback" and "creek" is essential to the formation of the work plan. Bank stabilization is only one aspect of creek setbacks, there are other environmental issues to consider. Formulation of a work plan outline should be based on what the group feels should be in the ordinance.
- 2 Decide on direction- the interim issues for the moratorium will be added into the agenda for Jan. 3.
- 3 I.D next steps- there is concern that the work group issues require more time to work on than the average task force member has available.
- 4 Move forward

Follow-up or Action Items:

8:50 Public Comment

- 1 Hear from interested members of the public

Follow-up or Action Items:

8:55 Meeting Evaluation

- 2 Share ideas, concerns, suggestions on how to improve future meetings

Follow-up or Action Items: for the Jan 3 meeting:

- work plan
- interim group presentation
- work groups

- Liz will draft the "merged" work plan

9:00 **Adjourn**
