

Green Ambassador Interview Questions

Background: What is the purpose of the Green Ambassadors? With 9000 employees at the County, our individual actions make a big difference. Many employees would like to know more about opportunities to be green at work. Print and email communications get lost in our busy days, and personal communication from a colleague is a much more effective way to encourage green choices.

Green at Work:

- What is one thing you do to be green at work?
- What do you like about doing that?
- How would you get other people to do this?

Existing Outreach:

- What do you think about County outreach?
- What do you like?
- What could work better?

Green Ambassadors Program:

- What is most exciting about this program? (your chance to get involved in improving sustainability & outreach with a leadership role)
- What concerns do you have?

Next Steps:

- More information about the Green Ambassador Program
- Signing up to be a Green Ambassador
- Mid/late October – let them know how things develop

Benefits:

- Increase County sustainability efforts
- Benefits to department
- Benefits to Green Ambassadors
