

CROW CREEK COMMUNITY RESTORATION

HELP RESTORE CROW CREEK and the San Lorenzo Creek Watershed

**Saturday, January 14, 2017
9:00 am to 12:00 pm**

Join us for a refreshing morning of restoration work and comradeship as we plant native vegetation and restore native habitat at Crow Creek. Your hard work will benefit the San Lorenzo Creek Watershed and provide the groundwork for further re-vegetation and habitat restoration.

Lunch and refreshments will be provided at the end of the event.

Help us reach our goal of planting **3,000**
native plants!

If significant rains are forecast, the event will be postponed until Saturday, February 4. In this event an email will be sent to all registered participants.

WHO SHOULD COME:

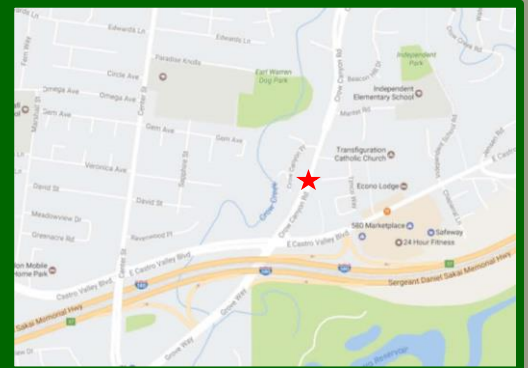

All ages are welcome. No prior experience necessary. All training and tools will be provided

WHAT SHOULD I BRING:

Closed-toes shoes, clothes that can get dirty and a water bottle

LOCATION:

Crow Canyon Place in Castro Valley. We will meet at the cul-de-sac at the south end of Crow Canyon Place. Crow Canyon Place is located west off of Crow Canyon Road.
