**CASTRO VALLEY MUNICIPAL ADVISORY 6<sup>TH</sup> PUBLIC WORKSHOP  
PROPOSED WATERCOURSE PROTECTION ORDINANCE REVISIONS**

CASTRO VALLEY, CA –The Castro Valley Municipal Advisory Council will be conducting a 6<sup>th</sup> workshop regarding the proposed revisions to the Watercourse Protection Ordinance on Monday November 10, 2014 at the Castro Valley Library located 3600 Norbridge Avenue, Castro Valley, CA. The workshop will begin immediately after the conclusion of the regularly scheduled Municipal Advisory Council meeting.

For background, the Alameda County Board of Supervisors appointed a Watercourse Task force to identify and address the community's concerns regarding development projects that had the potential to degrade the quality of creeks and their riparian corridors. The Task Force presented their Final Report of Recommendations for Proposed Revisions of the Alameda County Watercourse Protection Ordinance to the Board of Supervisors Transportation and Planning Committee and the Public Works and Community Development Agencies prepared a proposed watercourse protection ordinance revision based on these recommendations.

- The following documents are posted on the PWA website at <http://acgov.org/pwa>, a link to the documents are provided in the Quick Links Section:
  - Final Report of Recommendations for Revisions of the Alameda County Watercourse Protection Ordinance prepared by the San Lorenzo Creek Watershed Task Force
  - County Response to the Task Force Recommendations
  - Proposed Revisions to the Watercourse Protection Ordinance
  - County response to issue from previous Workshops

The purpose of the workshop will be to review and provide an opportunity to comment on the proposed revisions. For additional information, please call the Public Works Agency Construction Department at (510) 670-5431 or visit the Agency's website at [www.acgov.org/pwa](http://www.acgov.org/pwa).
