AGENDA

1. Introduction
2. ARTSFUND Grant Program Overview and Application Information
3. Q&A
4. Adjournment

This ARTSFUND Grant Program Guidelines document includes a program overview, applicant eligibility requirements, application requirements, evaluation process, and the terms and conditions. Applicants must apply online by the deadline of Wednesday, March 31 at 5:00 pm. Applicants can preview the online application by opening the online application, viewing each page without submitting any information, and then closing the application. When preparing to submit an application, organizations should complete the answers to the narrative questions in a separate document and collect all of the required documents. Once the information is compiled, organizations can submit an application by following the next steps: (1) Go to the online application; (2) Enter the organization information and your answers to the narrative questions; (3) Upload all the required documents; (4) Submit the whole application by clicking on the "Final Submission" button on the last page. Applicants must complete all four steps during one session. The online application system does not let users partially complete the application and then return during multiple work sessions.

For retuning ARTSFUND applicants, please note that the 2021 application requirements and process differs from previous years. The 2021 ARTSFUND application is shorter and requires fewer submitted documents. This year, there is no separate narrative form to download and complete. Answers to all questions will be entered directly into the online application system.
