ACMC Guiding Principles and Desired Positioning Statement

1. ACMC is committed to its core Mission
2. ACMC will pursue clinically integrated hospital-physician relationships
3. ACMC will strive to manage patient population health
4. ACMC will seek to address future changes to payment and care delivery models in a proactive matter
5. ACMC will continue to increase planning sophistication
6. ACMC will expand its delivery of healthcare services
7. ACMC will target a competitive financial trajectory

As a fully integrated healthcare system, ACMC will continue to serve the residents of the Alameda County community through the competitive offering of high-quality, accessible, and cost-effective services
Will there be a need for ACMC in the Post-Reform Environment?

- Teaching Institution
  - 48% of all physicians trained in a Public Hospital
- Trauma Center
- First Responders in a Disaster

- 23 Million Uninsured
  - Undocumented
  - Affordability
- 50% of all Newborns are born on Medi-Cal
- Role as an Employer

“A Vibrant Safety Net makes for a vibrant provider community”
Key Tactics:

• Improved Access
• Upgrade Equipment/Facilities
• Electronic Health Record
• Safety and Harm Reduction Initiatives
  • 50% Reduction in Harm in 18 months
    • Under Accountable Care Act (ACA):
      • By 2013 Penalties for high readmission rates
      • By 2015 Penalties for hospital-acquired infections
Build on our Strengths

- Language Interpretation and cultural sensitivity
- Providers’ Relationship with their patients
- History of serving:
  - Patients with chronic disease and complex psycho-social issues
  - Low-income, uninsured patients
Primary and Specialty Care Access

Completed:

- Recent renovation and expansion of Newark Health Center
- Recently expanded specialty care services:
