

AGENDA – JUNE 30, 2010, 6 p.m., 224 West Winton Avenue, Room 160 - Public Hearing Room

ALAMEDA COUNTY COMMUNITY CLIMATE ACTION PLAN – ROUNDTABLE SESSION

GROUND RULES –

- (1) Be respectful of all people present, be patient while each speaks his/her piece.
- (2) If you agree or disagree with something that is said, do it based on the idea and its merits or drawbacks.
- (3) If you find drawbacks to ideas and feel the need to point those out, that is fine – but as far as possible, please help us to find positive and substantive alternatives – these will be the most helpful suggestions.

(I) PRESENTATION

- (1) Introduction - What the CCAP is.
 - a. Basic requirements of State and Local law, State Attorney General
 - b. General Plan Style document, a guide to staff and the Board
- (2) What the CCAP is not.
 - a. An ordinance or statute
 - b. A book of penalties for noncompliance
 - c. Green Building Ordinance
 - d. A generalized “Green Plan” such as that from the City of Claremont.
- (3) Goals of the CCAP
 - a. 15% Reduction (to 1990 levels) in GHG from projected 2020 levels*
 - b. Specify Policy Areas where reductions may be exacted
 - c. Specify categories of quantifiable measures, both mandatory and incentive-based
 - d. Supporting measures that can augment the quantified measures
- (4) Individual measures:
 - a. “Mandatory” measures for sales and new construction
 - b. Voluntary and Incentive-Based Measures
 - Existing and expected NPS programs for energy retrofit and upgrades
- (5) Green Building Ordinance, 2011 State revisions, and how the CCAP builds on this Document
- (6) Process and Next Steps

(II) ROUNDTABLE DISCUSSION OF NEW IDEAS

- (1) What we need from this discussion – alternative ideas, greater variety.
- (2) Transportation & Land Use
- (3) Energy Efficiency in Buildings and New Construction
- (4) Water and Waste
- (5) Green Communities
- (6) Other?
