Applying for a Site Development Review

What is it?

Site Development Review ensures that new buildings or land uses are compatible with their sites and with the surrounding environment, other development, and traffic circulation.

When is a Site Development Review required?

In all commercial districts and in the M-1 District, Site Development Review is required for all new construction of 1,000 square feet and over, or where the aggregate of the additions since 1977 will result in a total area of 1,000 square feet or more. It is also required for new construction in M-P districts, A Districts and, R-1-L-B-E Districts (new residences only), in the Castro Valley Central Business District (CVCBD) Area, in the Ashland Cherryland Business District (ACBD) Specific Plan, and in some Planned Development (PD) Districts, and whenever a building is moved onto a site. Site Development Review is required when a property in an R-S District has the potential for 5 or more units, even if the property owners do not intend to build that many units.

Who approves it?

The Planning Director.

What is the process?

1. **Pre-Application** – Talk to a Planning Department staff member to determine what materials you need to prepare.

2. **Application Filing** – Submit the required applications and materials to the Planning Department. You should contact the Planning Department and set up an appointment with a Senior Planner to review the proposed application.

3. **Staff Review** – Planning Department staff will review the materials to ensure that the proposed project meets the minimum zoning requirements, and then refer your application to public agencies such as school, park, and fire districts. Staff will visit your property, write a staff report and notify you if a public hearing will be held.

4. **CEQA Review** – Generally applications of this type are not exempt from the California Environmental Quality Act (CEQA). Most projects will have either a negative declaration, or a mitigated negative declaration, depending on the specific of the project.

5. **Castro Valley Municipal Advisory Council** – For Site Development Review applications in Castro Valley only: A public hearing is held before the CVMAC, which will make a recommendation to the Planning Director.

6. **Planning Director Hearing** – If there is a hearing, staff presents a recommendation and public comments are taken. After the hearing, the Planning Director makes a decision on your project. The action is effective after ten days, unless a written appeal is filed.
7. **Appeal Period** – There is a 10-day appeal period. After this time the Planning Director’s action will be final unless a written appeal has been filed with the Board of Supervisors.

What must I submit?
- A complete **Standard Application** form signed by the property owner.
- A complete **Application Supplement Site Development Review** form.
- A deposit of $4,000.
- Twenty (20) copies of plot plan drawn to a reasonable (legible) scale. A sample plot plan is included at the back of the **Application Supplement Site Development Review** form.
- 20 copies of floor plans and elevations.
- 1 copy of the Plot Plan and elevations reduced to 11” x 17”.
- Any additional materials requested by the Planning Department.

How long is the process?

In most cases three to four months, depending on the proposed use and the complexity of the project. Some applications will require much more time to process. Appeals will add approximately two months to the processing time.

What is the filing fee?

The filing fee is a deposit which covers the costs of processing the Site Development Review. The deposit is $4,000. It is based on Planning Department and Public Works Agency costs plus the cost of an environmental review, if required. Your required fee deposit may be more or less than this amount, depending on the complexity or magnitude of the proposed Site Development Review. If the deposit is depleted, additional money must be deposited for application processing to continue. Any excess funds will be refunded to you.

What information or material might be requested?

You may provide maps, photographs, exhibits, studies, factual data, or other information depicting the property, its location and its relationship to surrounding uses in order to demonstrate that the Site Development Review would be in the public interest.

Is there a public hearing?

The Planning Department always holds public hearing on a Site Development Reviews for project with ten or more residential or any commercial development. If the project is located in Castro Valley, the Castro Valley Municipal Advisory Council will hold a hearing as well. For other projects, a hearing may be held, if warranted based on the specific application. Staff will notify you if and when they will hold a public hearing. Ten days before the hearing, the Planning Department will also notify all adjacent property owners when and where it will be held. At the hearing, a staff member will present the application, written agency and public comments, and staff recommendations. No action will be taken at the meeting. Usually within two weeks after the hearing, the Planning Director will make a decision to approve, deny or require changes or conditions in the proposed project.

What if my application is denied?

You or any other person may appeal the Planning Director’s action by filing a written appeal and paying the required fee ($250 for applicant or other interested parties) within 10 calendar days. The appeal fee varies according to the nature of the proposed project. Consult with the Planning Department to determine the appropriate fee. Usually the Planning Commission hears the appeal. If the appeal is denied you may re-appeal to the Board of Supervisors. However, if your Site Development Review requires a concurrent Variance, the appeal goes directly to the Board of Supervisors.
Can a Site Development Review condition be changed?

You may apply to modify a plan approved under a Site Development Review. You may also apply to modify a condition set forth in a Site Development Review. The procedure and requirement are the same as in the original application, and there is no guarantee that they will be approved.

Where are public hearings held?

**Castro Valley Municipal Advisory Council** hearings are held on the 2nd and 4th Mondays of the month at 6:30 p.m. The Council meets in the Boardroom of the Castro Valley Unified School District offices at 4400 Alma Avenue in Castro Valley.

**The Alameda County Planning Commission** hearings are held on the 1st and 3rd Mondays of the month at 6:00 p.m. (1st Monday) and 1:30 p.m. (3rd Monday). The Commission meets in room 160 of the Alameda County Community Development Agency offices at 224 West Winton Avenue in Hayward.

**The Alameda County Board of Supervisors** holds hearings on planning and zoning matters on the 1st Thursdays of the month at 9:00 a.m. in the Board of Supervisors chambers, 5th floor, 1221 Oak Street in Oakland.
Site Development Review

- For complete filing instructions, see the **Standard Application** form.
- For general procedures and guidelines, read the handout **“Applying for a Site Development Review”**
- You must make an appointment with a Planning Department staff member to determine if materials or information (in addition to those listed below) are needed to evaluate your project.
- If you have any questions, please call (510) 670-5410.

1. Applicant Name: _______________________________________________________________________________

2. Contact the Planning Department at (510) 670-5410 to make an appointment with a Senior Planner to submit the following materials to the Alameda County Planning Department (Zoning Counter) at 399 Elmhurst Street, Hayward, California. **Incomplete applications will not be accepted.** Please use the following checklist to ensure the application is complete.

**Required**

- [ ] **Standard Application** form.
- [ ] **Application Supplement: Site Development Review** form.
- [ ] **Filing Fee Deposit: $4,000.** Make check payable to “**Treasurer, County of Alameda.**”
  
  **(Note:** If fee deposit is depleted, additional funds must be deposited to continue application processing. Any remaining money will be refunded.)
- [ ] **Plot plan:** Show all information as shown on the **Sample Plot Plan** on the back of this form.
  - 20 black line prints of each sheet, folded to 8.5” x 11”.
  - 1 - 11” x 17” photo reduction.
- [ ] **Floor Plan**
- [ ] **Grading Plan**
  - 20 black line prints of each sheet, folded to 8.5” x 11”.
- [ ] **Landscape Plan**
  - 1 - 11” x 17” photo reduction.
- [ ] **Building Elevations**
- [ ] **Color Building Elevations**
  - 10 color prints of each sheet, folded to 8.5” x 11”; 1 – 11” x 17” color photo reduction
- [ ] **Other Information requested by planner:** __________________________________________________________
- [ ] **Electronic copy (.pdf format) of all drawings submitted.**
- [ ] **Applicant Signature verifying that the applicant understands the application process:** ____________________________________________________________

____________________________________________________________________________

Applicant Signature Date

**Alameda County Planning Department**
224 West Winton Avenue, Room 111, Hayward, CA 94544
Phone: (510) 670-5400  Fax: (510) 785-8793  Web: http://www.acgov.org/cda/planning
The following preliminary plans must be prepared and signed by a registered Civil Engineer or a licensed Land Surveyor, Architect, Landscape Architect, or Building Designer.

Graphical Information must be drawn to scale and must be legible on originals and reductions.

The Planning Department may request more information as needed to fully review the project.

The Planning Department may allow certain site Development Plan requirements to be consolidated, reduced or deleted depending on the size, nature and complexity of the proposed project.

1. Site Plan

- Title Block showing:
  - Applicant name, address, signature and phone number;
  - Property Owner name, address, signature and phone number;
  - Plan Preparer name and address;
  - Project Address;
  - Assessor’s Parcel Number(s);
  - Note (if applicable) “Proposed modifications to approved S-__________”

- Statement by Plan Preparer

  “I, __________________________, certify that this Site Plan has been prepared by me or under my direction and do attest to the accuracy of all information indicated hereon. Signature_______________________________
  Title_______________________________ Reg no. ________________ Date ______________________”

- North Arrow and Scale: Minimum scale is 1” = 20”.

- Boundaries: show parcel dimensions in distance and bearing. Show distance from parcel to nearest street intersection and distance from parcel to centerline of street.

- Buildings and Structures (existing and proposed): Show dimensions, location and proposed uses. Delineate each residential unit or space.

- Adjacent Properties: State use of all abutting properties. Show location, height and number of stories of buildings.

- Building Appurtenances: Show location and dimensions of balconies, exterior corridors, steps, stairs, and roof lines.

- Access: Show driveways, pedestrian walks, access, internal circulation, location and access of service areas (including trash enclosures), and all points of entry to all structures.

- Yards and Open Space between Buildings: Show dimensions between structures. Indicate ground material such as paving, lawn, ground cover or other landscaping. Show signs, mailboxes, and trash enclosures.

- Statistical Data: Indicate total square footage of site area, building coverage and Usable Open space (as defined by the Alameda County Zoning Ordinance) on project site. Indicate number of parking spaces. Indicate number of bedrooms and floor area of each residential unit.

- Utilities: Show the location and type of all existing and proposed utility systems, including fire hydrants, PG&E transformers, meter boxes, water pumps, and underground lines.
2. **Floor Plan**
   - **Floor Area**: Show dimensions, size height, conceptual floor plan, and total square footage of floor area in existing and proposed buildings.
   - **Use**: Indicate use of each room. Indicate occupancy load and all publicly accessible rooms (such as restaurants, meeting halls, retail floor areas, etc.) if applicable.

3. **Grading Plan**
   - **Topography**: Indicate existing and proposed contour lines extending 60 feet beyond project site boundaries. Use one (1) foot contours for slopes of less than 5% and two (2) foot contours for slopes in excess thereof.
   - **Grading**: Show finished grades, uniform cut and fill slopes, and finished floor elevations. Quantify the amount of cut and fill and off-haul off materials required. Show finished ground elevations at all corners of buildings, basements, grade breaks, lot corners and all drainage connection points.
   - **Retaining Walls**: Indicate location, height and materials used for all retaining walls. Indicate finished ground elevations at top and bottom.
   - **Storm Drainage**: Indicate storm water disposal plan. Show all catch basin elevations, pipe type, and size.

4. **Landscape Plan**
   - **Landscape Structures**: Show location and dimensions of major landscape structures such as fences, walls, walks, pools and trellises.
   - **Paving Materials**: Indicate paving materials to be used.
   - **Planting Plan**: Show proposed generalized planting plan.
   - **Existing Trees**: Indicate location and size of all trees four (4) inches in diameter or larger.

   **Note**: A final landscaping plan, prepared by a licensed Landscape Architect, must be submitted and approved before a building permit can be issued.

5. **Building Elevations**
   - **Building Exterior**: Show front, rear and side views of existing and proposed buildings, including color finishes.
   - **Materials and Color Board**: Indicate colors and materials for proposed building facades.
   - **Section Details**: Indicate the detailing of fenestration (windows and doors) to show whether fenestration is recessed from the face of the building exterior, and/or there is framing around the fenestration.
   - **Context**: Show exterior building elevations of residential buildings within abutting parcels. County staff will check the residential proposal against the buildings at residential parcels on the same side of the street and within 300 feet of the subject parcel and those directly opposite these lots, to review if the prevailing buildings (60% of those surveyed) on residential lots are single story. If so, then the second story of the proposed residential building is to be stepped back at least 12 feet from the exterior front façade.

Revised 07/25/18
Sample Site Plan

Site Plan should include the following:

1. North direction arrow.
2. Scale. You must use 1 inch = an even number of feet (i.e. 20 feet, 40 feet, 100 feet, or 600 feet depending on the size of your property).
3. Boundaries of the parcel, including dimensions (you may need a plot map of your property).
4. Location, dimensions, and purpose of rights-of-way and easements within the property.
5. Location, dimensions, and use of all existing and proposed structures.
6. Distances of existing and proposed structures from all property lines, from rights-of-way, easements, and other structures.
7. Location of all utilities labeled existing or proposed, including septic tank and drainfield, water, power, phone etc.
8. Location and dimensions of all proposed and existing roads, driveways, parking areas, patios, decks, walkways, and other impervious (paved) area(s).
9. Location of any surface water (streams, culverts, drainage ways), or any distinguishing land features such as slopes within or adjacent to the parcel.
10. Extent of area which will be disturbed by construction activity, clearing, digging, or earth moving.
11. On the back of your site plan, please provide detailed directions to the site.
12. Vicinity map.
