

# ALAMEDA COUNTY EMERGENCY CHILD CARE RESPONSE TEAM

Emergency Back-Up Child Care Program Data  
As of May 4th, 2020 at 1:00 PM

## CHILD CARE DEMAND

“Alameda County Department of Public Health Guidance for Child Care and Preschool Programs,” March 19, 2020 provides that “ideally, child care should be provided in the child’s home, by household members, without exposure to other children or ill individuals.” The volume of referrals we have received reflects that families are employing this strategy when it is an option. For essential workers for whom this is not possible, the Alameda County Emergency Child Care Response Team has developed a coordinated child care intake and referral process. Data reflected below are prior to targeted subsidies being made available for essential workers. Since the shelter in place order, demand for child care has fluctuated and it may continue to do so as health orders and economic conditions change.

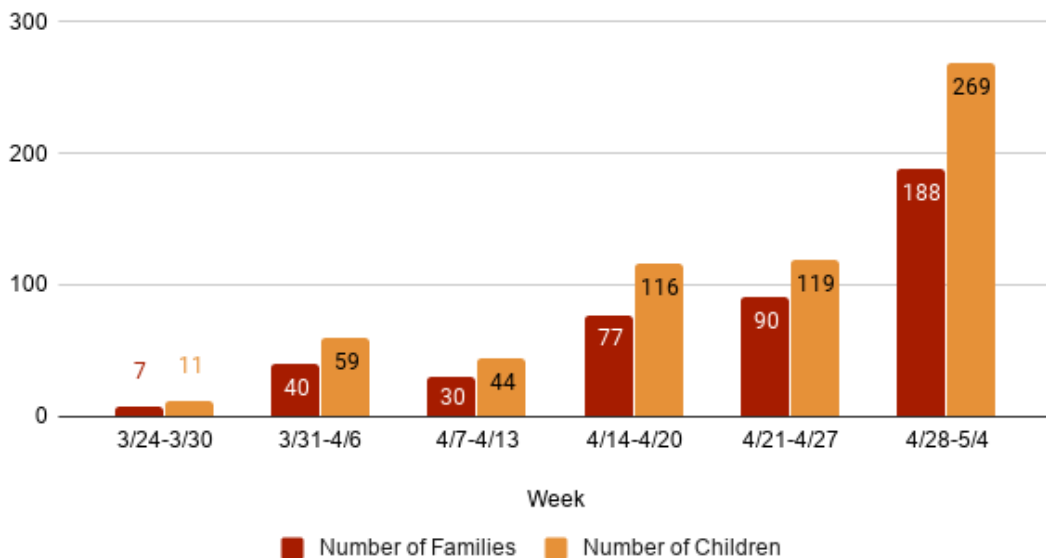

432

Families have filled out the intake form

In total, care has been requested for **618** children

## CHILD CARE SUPPLY

All licensed child care providers were sent a survey regarding availability for emergency back-up child care for essential workers. They identified their availability and capacity to provide care for additional children. The survey was available in English, Spanish, and Chinese. The Alameda County Emergency Child Care Response Team has provided technical assistance and support for child care programs across the county.

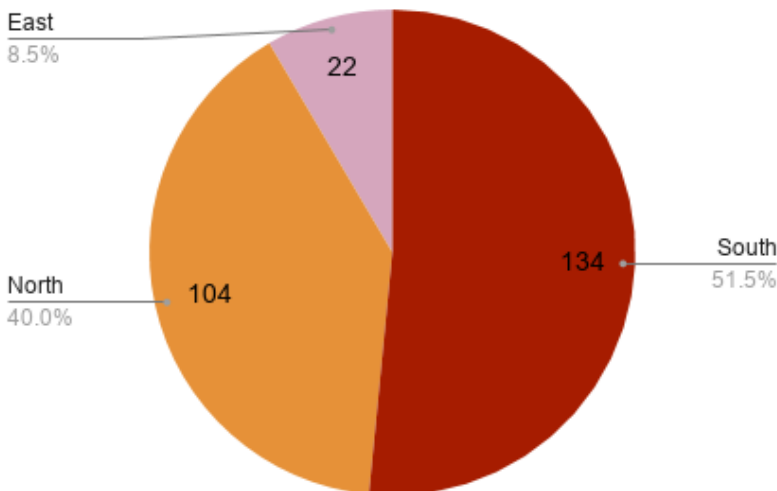

Setting	Number of Sites	Back-Up Care Capacity	
		Overall Capacity	Infant Capacity
FCC	210	893	311
Centers	50	1798	401
<b>Total</b>	<b>260</b>	<b>2691</b>	<b>712</b>

**16%** of all licensed Alameda County family child care providers indicated on the survey that they are open or are willing to be open for additional essential workers  
210 of 1,281

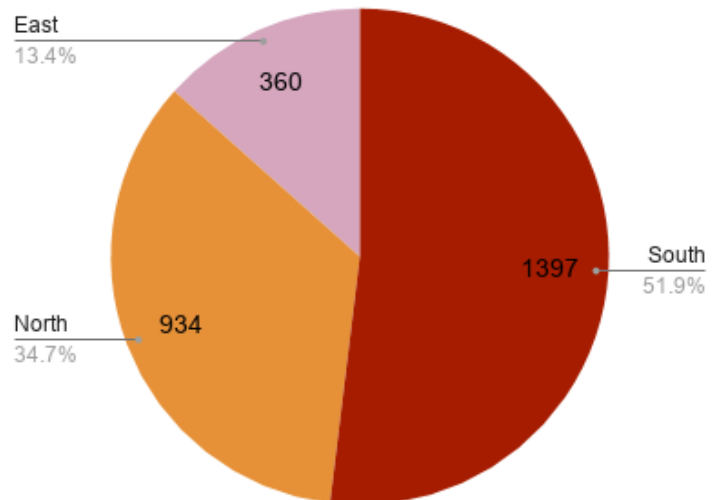

**9%** of all licensed Alameda County centers indicated on the survey that they are open or are willing to be open for additional essential workers  
50 of 556
