

FUN WITH EARLY MATH!

ECE teachers! Sign up now to join an Early Math cohort of teachers. Use the Project Approach and learn how to bring Early Math to children 0-5 years of age in a fun way!

The Project Approach is an ideal way to support children's natural interest in math, build on children's experience and knowledge, align teaching with CA Framework & Foundations, and support children's math knowledge, problem-solving, and reasoning skills.

Key Takeaways:

- Individualized Coaching: A minimum of 6 coaching sessions to support your project
- Group Planning & Reflection: Support to implement your project and learn from each other
- Receive Incentives: Professional growth hours, lunch, fun math related materials, and resources

As part of the cohort, you will participate in three workshops to develop your unique project.

Beginning your Project: Sat, Jan 25, 2020 | 9 am - 1 pm

Developing your Project: Sat, Mar 21, 2020 | 9 am - 1 pm

Math Share Fair Event: Sat, May 16, 2020 | 9 am - 1 pm
