Language changed:
 - a. Support Services for Genesis House
~~Genesis House is currently under construction and will be a four unit housing facility for individuals with mental health issues who lack stable housing. Residents may also include their immediate family members. The awarded contractor will provide site based supportive services complementary to the intensive case management provided by external case managers and/or service providers. Residents of two other MHSA-funded residential sites in East Oakland, MacArthur Apartments and Brookfield Place, may also be served depending on the awarded Contractor's capacity and the needs of the Genesis House residents. Priority will be given to Genesis House residents.~~

BHCS provided funding to support the development and operations of several affordable and supportive housing projects in East Oakland and has additional projects planned for this region. Two of the currently operational sites contain 90 total housing units with 12 units specifically set aside for individuals with histories of homelessness and serious mental illness. The residents of these two properties are predominantly African American and on-site supportive services at these locations have been limited. BHCS has been working on other potential housing projects and partnerships in East Oakland where culturally responsive supportive services could provide a significant benefit to MHSA eligible and other tenants at these housing sites. The particular housing sites where supportive services will be provided will depend on the timing of project developments and partnerships as well as the timing of the contract with the selected bidders.

- Q2) Why are the RFQ's designated for North County?
A2) **Program service areas were determined to have the greatest need based on data and community need.**
- Q3) Are there plans for a release for South and East County?
A3) **Per page 4, any renewal of an awarded contract shall be contingent on the availability of funds, awarded Contractor's performance and continued prioritization of the activities and priority populations as defined and determined by BHCS. BHCS will periodically reassess community need. Per page 12, the County reserves the right to re-bid this project.**
- Q4) What PEI categories do programs fall under?

County of Alameda Behavioral Health Care Services
RFQ No. 17-08, Addendum No. 1

Q10) If BHCS increases deliverables, will it also increase the budget amounts?

A10) No. Please see response to Q9.

Bid Submission:

Q11) What exactly is required for submission? Page 26 doesn't include project description or plan. Please clarify that the only narrative required is the transmittal letter and budget narrative.

A11) Please reference Required Documentation and Submittals in Attachments, on page 26 of the RFQ for a checklist of documents required to be submitted as part of this RFQ.

Q12) Can agencies partner with other agencies for bids?

A12) Bidders can collaborate with other agencies to provide program services. Q13) Can Bidders outside of Alameda County submit a bid/s?

A13) Bidders can be agencies, entities, or partnerships from counties other than Alameda County as long as they meet the minimum qualifications to be eligible to participate.

A14) Yes, members of the African American Steering Committee for Health and Wellness may submit a bid/s.

Q15) Must a bidder be SLEB certified or a partner of a SLEB certified organization to apply?

A15) As indicated in Bid Response Packet – SLEB Information Sheet, "Bidders not meeting the definition of a SLEB (<http://acgov.org/auditor/sleb/overview.htm>) are required to subcontract with a SLEB for at least 20% of the total estimated bid amount in order to be considered for contract award."
