RFP Modification

Section I.A.2, Page 10 of the RFP is hereby modified as follows:

2. The EMS Agency is considering several possibilities for increasing reimbursement financing for ambulance contracts under federal and state programs. Therefore at this

time, to maximize efficiency and performance, and to minimize financial and operational risk to taxpayers, the EMS Agency intends to award a direct contract from the EMS Agency to a single Contractor experienced in the business management, financing, and operation of large 911 ALS Ambulance Services, operating through high performance contracts (See Bidder [Minimum Qualifications - Section C.1](#)). The selected Contractor, as defined in this RFP, ~~may not subcontract any 911 Ambulance Services provided to the County to any other organization, must self perform the majority of 911 Ambulance Services, and~~ must directly employ all Key Personnel as well as EMT's and Paramedics as described in this RFP. However, the selected Contractor may subcontract ancillary services, such as billing; professional, legal, and advisory services; and fleet maintenance. All services provided by the contractor shall be substantively integrated, meaning that all components of Contractor's services shall be integrated and provided throughout the EOA, and no services shall be exclusively dedicated to areas smaller than the EOA or severable from the services provided to the entire EOA.
