**Responses to Written Questions**

- Q1) Would a USB drive be an acceptable alternative physical media for the delivery of the electronic copy?
- A1) Yes, USB (Universal Serial Bus) drive will be accepted as alternative to a hard disc for the delivery of the electronic copy of your RFSOQ response. The County will not be responsible for access and compatibility issues, corrupt or missing data files, or any other issues related to the files stored on the device, related to the physical condition, and delivery of the USB device. The USB device will not be returned.**
- Q2) To reduce paper use and limit the volume of paper the County staff and selection committee need to handle as a part of this process, would it be acceptable for the example reports to be provided in the electronic version only?
- A2) Yes, electronic copies (e.g. no paper copies required) of example reports are supported, advised, and approved and shall be included with the electronic copy of your statement of qualifications.**
- Q3) Please confirm our bid will not be outright disqualified based on the finalized NAESCO certification requirement.
- A3) Proof of National Association of Energy Services Companies accreditation is required by the RFSOQ response date in order to be qualified for the pool. This is a pass/fail requirement.**
