I. STATEMENT OF WORK

A. INTENT

It is the intent of these specifications, terms, and conditions to describe the services requested by the Alameda County Health Care Services Agency, Public Health Department, Maternal, Paternal, Child and Adolescent Health Unit (hereafter, ACPHD or the County). ACPHD is seeking an experienced Contractor(s) to provide home visiting and community-based family support services for Alameda County (AC) residents who are pregnant, have experienced a pregnancy loss, and/or are parents/families with infants and young children (ages 0-5 years old). Bidders must have experience providing face-to-face, family-centered, home-based family support services to the priority populations and their children. Bidders must demonstrate increased capacity as a result of these funds to serve additional families primarily through home visitation services; telehealth, clinic-based, and community-based services are allowed to substitute a home visit once a month, when necessary. These funds cannot supplant current services and/or funds.

The County intends to award a nine-month contract (with the option to renew annually for an additional four years) to the Bidder or a multi-award of up to 6 bidders. Bidders may choose to apply for funds together under one proposal. Bidders will be selected based on the response that best conforms to the RFP and meets the County's requirements.

At this time, ACPHD has allocated a total of \$1,425,000. The total contract(s) awarded cannot exceed \$1,425,000 during the term October 1, 2023 to June 30, 2024. The contract term may be extended for four additional fiscal years (FY 24-25, FY 25-26, FY 26-27 and FY 27-28) for up to \$1,977,500 per fiscal year depending on performance and available funding. This contract is funded by Measure A dollars, and funding amounts are subject to change.

Bidders may submit a bid for the total allocation or a portion of the allocated budget. Proposed budgets should be accompanied by budget justification and include number of individuals and/or families planned to serve on an annual basis. Proposals will form the basis for any subsequent awarded contract. Staffing levels and operating costs must accurately reflect the Bidder's costs for the program. ACPHD reserves the right to dissolve a contract if/when awarded Contractor materially alters staff, budgets, deliverables and outcomes any time after the contract award.

The County is not obligated to award any contract as a result of this RFP process. The County may, but is not obligated to, renew any awarded contract. Any renewal of an awarded contract will be contingent on the availability of funds, awarded Contractor's

performance, and continued prioritization of the activities and priority populations as defined and determined by ACPHD.

B. SCOPE

Home visiting has been shown to be an effective method of supporting families, particularly as part of a comprehensive and coordinated system of services. With over 17,300 annual births in Alameda County of which 4,500 are born to women on Medi-Cal, providing family support services to this population is critical to improve outcomes for young children and their families. During the last Fiscal Year (FY 2021-2022) ACPHD served 2,844 clients and provided 17,600 encounters through the MPCAHA Home Visiting program. The Home Visiting System of Care aims to address and enhance the physical and socio-emotional health and self-sufficiency of pregnant people, mothers, fathers, caregivers and families with young children in our county.

The following themes are at the foundation of our work:

- **Strengthening Families:** A focus on identifying and building upon strengths and assets through every interaction we have with families and communities.
- **A Life Course Perspective:** Emerging research documents the important role early life events play in shaping an individual's health trajectory, as well as the interplay of risk and protective factors – such as socioeconomic status, toxic environmental exposures, health behaviors, stress, and nutrition – which influence health throughout one's lifetime.
- **Trauma Informed Care:** An understanding of how past experiences affect an individual's current health and wellbeing. Trauma-informed practice acknowledges the power of past experiences as a way to make progress toward recovery and takes a collaborative approach, where healing is led by the client and supported by the service provider.

The following components are guiding principles in the provision of care, and in the professional development of staff:

- **Family Centered Care:** Family-centered service recognizes that each family is unique; that the family is the constant in the child's life; and that family members are the experts on the child's abilities and needs. The family works with service providers to make informed decisions about the services and supports the child and entire family receive.
- **Relationship-based Interventions:** Quality relationships characterized by trust, support, and growth are cultivated with parents and children. Relationship-based interventions are reinforced through supervision practices, forming the foundation for the work with families.

- **Reflective supervision:** A supervisory approach through which staff are encouraged to talk with their supervisors about the use of their thoughts, feelings, and values when working with clients.
- **Culturally Responsive/Racially Concordant Care:** In addition to providing linguistically appropriate services, a culturally responsive practice is one that recognizes and understands the role of a family's and community's culture, and the impact it has on their living, parenting, and engaging with services and providers. When possible, having key personnel and case managers who are reflective of the cultural diversity of the priority populations, alongside training opportunities to better understand the needs and experiences of the population served is strongly valued.
- **Multidisciplinary Approach:** This approach enhances home visiting services for families through the establishment of multidisciplinary teams who include nurses, mental health specialists, substance use counselors and child development specialists as well as other community experts. Together these specialists best support the complex needs of the family.
- **Common Standards:** Development of common standards of care that reflect best practices, quality improvement, and shared principles across home visiting programs are essential to advancing quality services. (e.g. Every home visiting program offers trauma-informed, culturally-responsive, and relationship-based care. Children and parents receive regular assessments to address issues related to parental depression and/or child development which serve as guides to some aspects of care coordination and case management.)
- **Shared Outcomes:** There is a commitment to meeting benchmarks, collecting of data, and using data systems that interface with one another. The attention to quality improvement optimizes opportunities for the achievement of program outcomes and the evaluation of system-wide impact.

C. BACKGROUND

Family Health Services (FHS)

The mission of the Family Health Services (FHS) Division of the Alameda County Public Health Department is to improve the health and well-being of our diverse families with compassionate, comprehensive, and collaborative services. The FHS division provides a range of services including educational, preventative, diagnostic, and treatment services for pregnant people, individuals with a pregnancy loss, infants, children, youth up to age 21, and parents. FHS programs aim to ensure access to care, reduce infant and maternal mortality and improve the health and wellbeing of mothers, fathers, families with young

children, and children/youth with special health care needs. Programs operated under the division include: California Children's Services (CCS); Child Health and Disability Prevention (CHDP); Health Care Program for Children in Foster Care (HCPCFC) Developmental Disabilities Council (DDC); and the Maternal, Paternal, Child, and Adolescent Health Program (MPCAH), which consists of the Starting Out Strong Home Visiting System of Care Perinatal and Reproductive Equity services and initiatives and Doula Services.

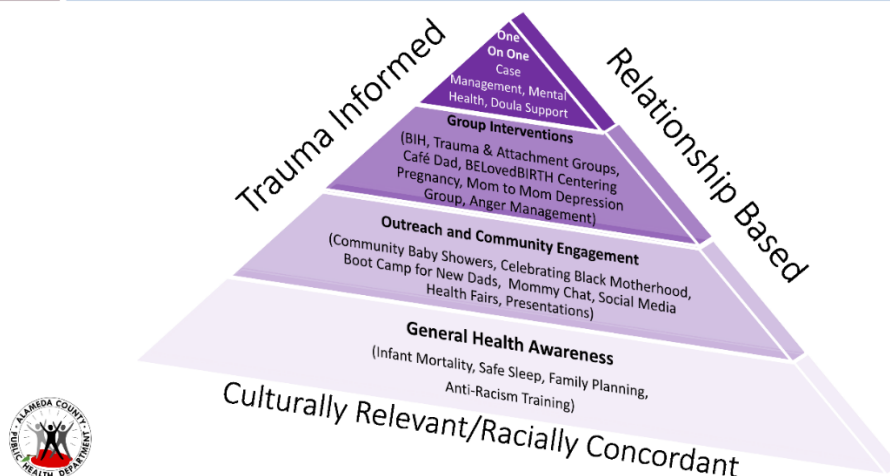

Maternal, Paternal, Child Adolescent Health Unit (MPCAH)

MPCAH, also known as the Starting Out Strong system of care, provides support services, prevention services, health education and information, and advocacy for Alameda County's residents who are pregnant, have experienced a pregnancy loss, and/or families with infants and young children (ages 0-5 years old).

MPCAH's 13 programs work together, including community partners, to ensure that pregnant people, mothers, fathers, caregivers and families with young children achieve optimal health and well-being through the provision of client-centered, culturally responsive, strengths-based services and supports. MPCAH programs are committed to providing program participants with access to comprehensive and quality health care focused on early intervention and prevention services throughout the county. The goal is to reduce health disparities, and protect and improve the health of pregnant people, children, fathers/father-figures, and families residing in Alameda County. Maternal and infant mortality disparities drive interventions, programs, and our collective work, specifically in the Black community and other populations such as parents of medically fragile babies, and first-time mothers.

Our providers are trained in and committed to providing trauma-informed, relationship-based, and culturally responsive and racially concordant care. Direct services include case management and care coordination, outreach and health promotion, pregnancy navigation, support groups, doula services, Community baby showers, Boot Camp for New Dads, and mental health support.

MPCAH and Starting Out Strong Menu of Supports

Measure A Funding

Measure A, the Essential Health Care Services Initiative, was approved by 71% of Alameda County voters on March 2, 2004, and authorized Alameda County to raise its sales tax by one-half percent to provide financial support for emergency medical, hospital inpatient, outpatient, Public Health, mental health and substance abuse services to indigent, low-income, and uninsured adults, children, families, seniors and other residents of Alameda County. On June 3, 2014, 75% of county voters approved Measure AA, which reauthorized and extended the existing half-cent tax until 2034.

On December 14, 2021, the County Board of Supervisors approved a new Measure A annual base allocation in the amount of \$43,808,364 beginning in Fiscal Year (FY) 2022-2023 and ending in FY 2024-2025. II. COUNTY PROCEDURES, TERMS, AND CONDITIONS

H. EVALUATION CRITERIA / SELECTION COMMITTEE

1. **Initial Evaluation (Completeness of Response and Debarment and Suspension).** All proposals will first be reviewed to determine if they pass the initial Evaluation Criteria (Section A), which are determined on a pass/fail basis.
2. **Evaluation by County Selection Committee.** All proposals that have passed the initial Evaluation Criteria will be evaluated by a County Selection Committee (CSC). The CSC may be composed of County staff and other parties that may have expertise or experience related to the goods or services that are being procured. The CSC will score the proposals according to the Evaluation Criteria set forth in this RFP. Other than the initial pass/fail Evaluation Criteria, the evaluation of the proposals will be within the sole judgment and discretion of the CSC.
3. **Unrealistic Bids.** Bidders should bear in mind that any proposal that is unrealistic in terms of the technical or schedule commitments or unrealistically high or low in cost may be deemed reflective of an inherent lack of technical knowledge or indicative of a failure to comprehend the complexity and risk of the County's requirements as set forth in this RFP.
4. **Price Discrepancy.** In the case of a discrepancy between the unit price and an extension, the unit price will be used for evaluation purposes.
5. **Evaluation Criteria Descriptions.** The items listed in the Evaluation Criteria should be considered as minimum requirements. All information contained in a proposal and presented in vendor interviews (if there are interviews) will be considered during the evaluation process and included in scoring within the appropriate Evaluation Criteria.
6. **Evaluation Scores.** Proposals will be evaluated and scored on the zero to five-point scale within each Evaluation Criteria below. Scores for all Evaluation Criteria (see the section below) will then be added, according to their assigned weight (below), to arrive at a weighted score for each proposal. A proposal with

a higher-weighted total will be deemed of higher quality than a proposal with a lesser-weighted total.

7. **Shortlist Process:** The evaluation process may include a two-stage approach including a preliminary evaluation of the written proposal and preliminary scoring to develop a shortlist of Bidders that will continue to the final stage of optional vendor interview and reference checks. The preliminary scoring will be based on the total points, excluding any points allocated to references and optional vendor interview. The Bidders receiving the highest preliminary scores and with at least 300 points may advance to the next evaluation phase. All other Bidders will be deemed eliminated from the process. All Bidders will be notified of the shortlist participants; however, the preliminary scores at that time will not be communicated to Bidders.
8. **Reference Checks.** The County reserves the right to conduct reference check(s) on all Bidders who submitted a bid proposal. The CSC will then score the reference check(s), as identified in the Evaluation Criteria below, which will then be included in the final score.
9. **Optional Vendor Interviews.** The County may in its sole discretion, conduct vendor interviews. Should the County opt to conduct a vendor interview, the interview may include responding to standard and specific questions from the CSC regarding the Bidders' proposal. Whether or not a shortlist process is used, the score of any evaluation criterion below may be revised or informed based on the vendor interview.
10. **Final Score.** The final maximum score for any procurement is 550 points, including the possible 50 points for local and small, local and emerging, or local preference points (maximum 10% of the final score; derived from 5% for *local* preference and 5% for either *Small and Local* or *Emerging and Local* preference). Proposals will be ranked by their final scores.
 - a. *Without Vendor Interview.* In procurements where there are no vendor interviews, the score received by the evaluation of the written proposal with the reference score added will be the final score.
 - b. *With Vendor Interview.* In procurements where there are vendor interviews, the CSC will consider the interview and may adjust the scores received by the evaluation of the written proposal which, with the reference scores added, will be the final score.
11. **Contact During Evaluation Process.** All contact during the evaluation phase must be through the Alameda County, Public Health Department - Procurements only. Bidders must neither contact nor lobby CSC during the evaluation process.

Attempts by Bidders to contact and/or influence members of the CSC may result in disqualification of Bidders.

12. **Determining Award.** As a result of this RFP, the County intends to award a contract to the highest-ranked responsible Bidder(s) as determined by the combined weight of the Evaluation Criteria, whose response conforms to the RFP and whose bid presents the greatest value to the County considering all Evaluation Criteria. The combined weight of the Evaluation Criteria is greater in importance than the cost in determining the best value to the County. The County may award a contract of higher qualitative competence over the lowest priced response.
13. The zero to five-point scale range is defined as follows:

0	Not Acceptable	Non-responsive, fails to meet RFP specification. The approach has no probability of success. If the unmet specification is a mandatory requirement, this score may result in the disqualification of the proposal.
1	Poor	Below average, falls short of expectations, is substandard to that which is the average or expected norm, has a low probability of success in achieving objectives per RFP.
2	Fair	Has a reasonable probability of success; however, some objectives may not be met.
3	Average	Acceptable and likely to achieve all objectives in a reasonable fashion per RFP specification. This will be the baseline score for each item with adjustments based on the interpretation of the proposal by CSC members.
4	Above Average / Good	Better than that which is average or expected as the norm. Excellent probability of success in achieving all objectives of the RFP requirements and expectations.
5	Excellent / Exceptional	Exceeds expectations, is very innovative, clearly superior to that which is average or expected as the norm. Excellent probability of success in achieving all objectives and meeting RFP specifications.

14. The Evaluation Criteria and their respective weights are as follows:

	Evaluation Criteria	Weight
A.	<p>Completeness of Response:</p> <p>Responses to this RFP must be complete. Responses must address all the requirements identified within this RFP and all related documents, including any Addenda. Failure to meet the</p>	Pass/Fail

	Bidder Minimum Qualifications may also be considered an incomplete response and may result in the disqualification of the Bidder.	
	<p>Debarment and Suspension:</p> <p>Bidders, its principal, and named subcontractors are not identified on the list of Federally debarred, suspended, or other excluded parties located at www.sam.gov/SAM.</p>	Pass/Fail

Reasonableness (i.e., how well does the proposed pricing accurately reflect the Bidder's effort to meet requirements and objectives?). 2. I. CONTRACT EVALUATION AND ASSESSMENT

1. During the initial 120-day period of any contract awarded, the County may review the proposal, the contract, any goods or services provided, and/or meet with the Contractor to identify any issues or potential problems.
2. The County reserves the right to determine, at its sole discretion, whether:

- a. The Contractor has complied with all terms of this RFP and the contract;
and
 - b. Any problems or potential problems with the proposed goods and/or services were evidenced, which makes it unlikely (even with possible modifications) that such goods and/or services have met or will meet the County requirements.
3. If, as a result of such determination, the County concludes that it is not satisfied with the Contractor's performance under any awarded contract and/or Contractor's goods and services as contracted for therein, the Contractor may be notified that the contract is being terminated. The Contractor must be responsible for returning County facilities to their original state at no charge to the County. The County will have the right to invite the next qualified Bidder(s) to enter into a contract. The County also reserves the right to rebid this project if it is determined to be in its best interest to do so. The County's right to go to the next qualified Bidder(s) and/or rebid is not limited by the award of a contract or the 120-day period.

J. NOTICE OF INTENT TO AWARD

1. At the conclusion of the RFP response evaluation period, all Bidders will be notified in writing by email or US Postal Service mail of the contract award recommendation, if any, by Alameda County, Public Health Department - Procurements. The document providing this notification is the Notice of Intent to Award/Non-Award.

The Notice of Intent to Award/Non-Award will provide the following information:

- a. The name(s) of the Bidder(s) being recommended for contract award;
and
 - b. The names of all other parties that submitted proposals.
2. The submitted proposals will be made available upon request no later than five (5) calendar days before approval of the award and contract is scheduled to be considered by the Board of Supervisors.

K. BID PROTEST / APPEALS PROCESS

The County of Alameda prides itself on the establishment of fair and competitive contracting procedures and the commitment made to follow those procedures. The following is provided in the event that Bidders wish to protest the bid process or appeal the recommendation to award a contract once the Notices of Intent to Award/Non-

Award have been issued. Bid protests submitted prior to issuance of the Notices of Intent to Award/Non-Award will not be accepted by the County.

1. Any bid protest must be submitted in writing by 5:00 p.m. on the SEVENTH (7th) calendar day following the date of issuance of the Notice of Intent to Award/Non-Award, not the date received by the Bidder. The bid protest must be submitted to the office that has been designated for review of protests for this procurement (the Protest Evaluator). For this procurement, the Protest Evaluator is:

Alameda County, Public Health Department, Administrative Services
Division

ATTN: Tamarra Brown, Administrative Services Director

1100 San Leandro Blvd., Suite 120, San Leandro, CA 94577

Email: PHDprocurements@acgov.org

A bid protest received after 5:00 p.m. is considered received as of the next calendar day. A protest received after 5:00 p.m. on the SEVENTH (7th) calendar day following the date of issuance of the Notice of Intent to Award/Non-Award will not be considered under any circumstances by the Protest Evaluator or their designee.

Generally, the County will promptly send an email acknowledging receipt of the protest; it is the responsibility of the protestor to confirm that the protest was timely received.

- a. The bid protest must contain a complete statement of the reasons and facts for the protest.
 - b. The protest must refer to the specific portions of all documents that form the basis for the protest.
 - c. The protest must include the name, address, email address, and telephone number of the person submitting the protest on behalf of the protesting party.
 - d. The Department Representatives will send a notification to Bidders if a protest is received.
2. The Protest Evaluator, or their designee, will review and evaluate the protest and issue a written decision. The Protest Evaluator may, at its discretion, do any of the following: investigate the protest, obtain additional information, provide an opportunity to settle the protest by mutual agreement, and/or schedule a meeting(s) with the protesting Bidder and others (as appropriate) to discuss the protest. The decision on the bid protest must be final prior to the Board hearing.

A notification of the decision will be communicated by email and/or US Postal Service mail to the protestor. Notification will be provided to Bidders when a decision has been made on the protest and whether or not the recommendation to the Board of Supervisors in the Notice of Intent to Award/Non-Award will stand.

3. The decision on the bid protest by the Protest Evaluator may be appealed to the Auditor-Controller's Office of Contract Compliance & Reporting (OCCR) located at 1221 Oak St., Room 249, Oakland, CA 94612, Email: OCCR@acgov.org, unless the OCCR determines that it has a conflict of interest in which case an alternate will be identified to hear the appeal and all steps to be taken by OCCR will be performed by the alternate. The Bidder whose bid is the subject of the protest, all Bidders affected by the Protest Evaluator's decision on the protest, and the protestor have the right to appeal if they feel the Protest Evaluator's decision is incorrect. All appeals to the Auditor-Controller's OCCR must be in writing and submitted within SEVEN (7) calendar days following the issuance of the decision, not the date the decision is received by the Bidder. An appeal received after 5:00 p.m. is considered received as of the next calendar day. An appeal received after 5:00 p.m. on the SEVENTH (7th) calendar day following the date of issuance of the decision by the Protest Evaluator will not be considered under any circumstances by the Auditor-Controller OCCR or their designee.
 - a. The appeal must specify the decision being appealed and all the facts and circumstances relied upon in support of the appeal.
 - b. In reviewing protest appeals, the OCCR will not re-judge the proposal(s). The appeal to the OCCR must be limited to a review of the procurement process to determine if the contracting department materially erred in following the bid or, if applicable, County contracting policies or other laws and regulations.
 - c. The appeal to the OCCR must be limited to the grounds raised in the original protest and the written decision by the Protest Evaluator. As such, a Bidder is prohibited from stating new grounds for a Bid protest in its appeal.
 - d. The Auditor's Office may overturn the results of a bid process for ethical violations by Procurement staff, County Selection Committee members, subject matter experts, or any other County staff managing or participating in the competitive bid process, regardless of timing or the contents of a bid protest.

- e. The finding of the Auditor-Controller's OCCR is the final step of the appeal process. A copy of the finding of the Auditor-Controller's OCCR will be furnished to the protestor.
 - f. The finding on the appeal must be issued before a recommendation to award the contract is considered and contract awarded by the Board of Supervisors.
4. The procedures and time limits set forth in this section are mandatory and are each Bidder's sole and exclusive remedy in the event of a bid protest. A Bidder's failure to timely complete both the bid protest and appeal procedures will be deemed a failure to exhaust administrative remedies. Failure to exhaust administrative remedies, or failure to comply otherwise with these procedures, will constitute a waiver of any right to further pursue the bid protest, including filing a Government Code Claim or legal proceedings.

In order to meet the Small Local Emerging Business (SLEB) requirements of this RFP, all Bidders must complete this form.

Bidders that are not certified SLEBS (for the definition of a SLEB, see [Alameda County SLEB Program Overview; \[http://acgov.org/auditor/sleb/overview.htm\]](http://acgov.org/auditor/sleb/overview.htm)) are required to subcontract with a SLEB for at least 20% of the total estimated bid amount in order to be eligible for contract award. County departments, prime, and subcontractors are required to use the web-based Elation Systems to monitor SLEB subcontractor compliance with [Elation Systems; \[http://www.elationsys.com/elationsys/\]](http://www.elationsys.com/elationsys/).
