FOR IMMEDIATE RELEASE

December 15, 2023

LANE CLOSURE ON TESLA ROAD AT MILE MARKER 9.50

UNINCORPORATED ALAMEDA COUNTY – Please be advised that, effective immediately, the westbound lane on Tesla Road at Mile Marker 9.50 is closed as a precautionary measure. This closure is in response to an active landslide detected in the vicinity.

A one-lane, two-way traffic control system has been implemented in the affected area. This traffic control will remain in effect until further evaluations confirm that it is safe to reopen the closed lane. Motorists traveling through this area are urged to exercise caution and strictly adhere to all traffic control directives.

We strongly recommend that the public avoid this section of Tesla Road, if possible. Limiting traffic near the landslide site is crucial for the effectiveness of our safety efforts and aids in expediting the resolution of this issue.

For further information, updates, or inquiries, visit www.acpwa.org, email info@acpwa.org, or call the Public Works Agency at (510) 670-5480.

###

Our mission and goal are to provide, maintain, and preserve public infrastructure efficiently and effectively while promoting a healthy and sustainable environment that supports safe and livable communities.
