This application is for formerly incarcerated and/or “systems-impacted”¹ individuals seeking a Community Representative position on the Proposition 47 Local Advisory Committee (LAC).

Prop 47 Grant Overview

The California Board of State and Community Corrections issued a Request for Proposals for a grant to provide people in the criminal justice system with mental health services, substance use disorder treatment, and diversion programs, as well as other community-based supportive services. Alameda County intends to submit a grant application, which is due on February 21, 2017.

Local Advisory Committee Overview

The LAC will consist of county agency representatives and local stakeholders who have experience and expertise in the prospective programs and/or services to be implemented by the county’s Prop 47 proposal. The LAC will advise on:

- How to identify the strategies, programs and/or services to be undertaken to address those needs;
- The development of the grant project;
- Ongoing implementation of the grant project.

The LAC will include representatives from the Community Corrections Partnership and at least five additional Community Representatives. The Community Representatives must be formerly incarcerated and/or systems-impacted and reflect the make-up and culture of the community and the identified need.
